Company Overview

Edward Marcs Philippines, Inc. is a duly registered company dedicated to providing energy solution since 1984. It started as a reliable supplier of various diesel engine components for the premier government- owned power company, National Power Corporation (NPC). We supply complete line of spare parts for various types of diesel engine such as Wartsila Sulzer, SEMP-Pielstick, MHI-MAN, MWM-DEUTZ, Perkins diesel engine and generator set. At present, we continue to provide quality engine parts for independent power producer such as Bauang Private Power Corp and Palawan Power to name a few.

JinkoSolar is, per Bloomberg's tier rankings, the top provider of solar photovoltaic products (including solar panels) in the world. Edward Marcs acquires and installs these solar panels in solar PV projects nationwide.

1. Solar Photovoltaic Panels
2. Solar panel and accessories
