Company Overview

Cebu Solar, established in 2002, is an emerging supplier of Renewable Energy Systems and Solar Technology Integration. CS is a manufacturing business and services corporation which provides the engineering and technical services with a competitive pricing designed to address the concern for a more sustainable energy development system. CS offers design and development services for alternative renewable energy solutions to small and medium enterprises to generate savings in their energy consumption and transform them into more efficient and self-sufficient businesses.

Product Description

Micro-hydro turbines are available in sizes from 1Kw to 50Kw depending on energy demand and water supply.
