Company Overview

INVENIC was established in 2009 and is proudly owned and operated by our founder Mr. Edmund Yen as one of the Philippine's leading EPC (Engineering Procurement Constructions) for both Greenfield and commercial solar systems.

INVENIC is an environmental construction company providing the design and installation of efficient remediation and solar electrical systems. INVENIC is comprised of environmental professionals sharing the common goal of improving the urban environment by creating alternatives for a sustainable future.

INVENIC understands its role in preserving their special way of life. Homeowners and business owners will not only save money but contribute to dramatic reductions in greenhouse gas emissions, including carbon dioxide (CO2) The company believer that there is a better, less expensive, and cleaner way for families and businesses to power their homes and businesses using clean renewable energy.
