Company Overview

Established in 2014, Secore Global Inc. focuses on the electrical industry, providing low and medium voltage solutions from our headquarters in Mandaluyong and offices in Cebu and Mindanao, with plans for further expansion across Luzon.

Secore Global Inc. specializes in the importation and distribution of high-quality electrical components solutions. Initially, focusing on the Extra Low Voltage and Auxiliary markets, the company has strategically expanded its offerings to include comprehensive solutions for both low voltage and medium voltage electrical systems.
