GNOME.Asia Summit 2009

Friday, November 20 2009

Time	Main Hall Quang Trung Software City
9:00 - 12.00	9.00 Opening, Intro of Event, Hong Phuc Dang (Head of Event Organization) and Frederic Muller (GNOME.Asia Board Member) 9.10 Welcome QTSC, Chu Tien Dung (Head of Quang Trung Software City) 9.20 Open Source in Vietnam in the Government, Nguyen Anh Tuan (Deputy Director, ICT Ho Chi Minh City Government) 9.40 Using Linux desktops to lower energy consumption and reducing costs in Vietnam in GHP Far East und Swiss Post, Frank Schellenberg (GHP Far East) 10.00 Easier, Faster, Energy Saving - Opportunities for Vietnam in Software and Hardware Development and Customization, Mario Behling (LXDEsystems/FOSSASIA) 10.20 Coffee/Tea Break 10.35 FOSS Business and the GNOME Community in Asia, Emily Chen (SUN Microsystems) 10.50 TMA Best Practices in Utilizing Open Source Tools to Support Project Management, Quality Assurance and Team Collaboration, Dr.Nguyen Huu Le (Chairman, TMA Solutions) 11.10 Introduction to FPT University and our View of Open Source, Nguyen Xuan Phong (Vice President FPT University) 11.20 Moblin, Cang Sean Mai (Business Development Manager, Intel) 11.25 Women in IT, Pockey Lam (President Beijinglug) 11.35 Keynote: The future of GNOME and FOSS in Asia, Stormy Peters (President Gnome Foundation)
12:00	Lunch

Time	Hall - Keynote	Room 204- Biz Track	Room 203 - Biz Track	Room 108 - Meetings	Room 107 - Tech Track	Room 106-Edu Track
13:00	Community Development Tools, Duong Cong Minh (IBM Technical Sales Lead)	Building Communities, Pockey Lam, President Beijinglug (25min)	Advantages & Challenges of deployment Desktop FOSS into businesses in Viet Nam -Tran Van Tuan, NHAN Corp CEO (25min)	Meeting Space	Introducing thin-client solutions for businesses with Linux, Tobias Gruetzmacher (25min)	

Time	Hall - Keynote	Room 204-Tech Track	Room 203-Tech Track	Room 108-Mixed Track	Room 107-Edu Track	Room 106-Edu Track
13:30	Community Development Tools, Duong Cong Minh (IBM Technical Sales Lead)	Why community matters for successful businesses - the example of OpenOffice.org, Louis Suarez-Potts, SUN Microsystems/ OpenOffice Community Manager (25 mins)	Opensource for a young & budding companies - Anthony Fernandes, GHP Far East CTO (25min)	Meeting Space	Cloud Computing - Development 2.10 for Business, Hien Nguyen Van (Chairman iNet Solutions) 25min	Education Track: Linux Course a) Basics, b) Practical Skills
14:00	Community Development Tools, Duong Cong Minh (IBM Technical Sales Lead)	Building a Loongson based netbook with educational content Frederic Muller, FOSS Management Consultant (25min)	FOSS and Vietnamese SMEs -Vo Thai Lam, Lac Tien CEO (25min)	Meeting Space	FLOSS approach in the Health IS: the case of HISP with DHIS2, Kim Anh Vo, HISP-Health Information System programme (25 mins)	Education Track: Linux Course a) Basics, b) Practical Skills
14:30	Community Development Tools, Duong Cong Minh (IBM Technical Sales Lead)		Introduction about the community activities of Saigonlug An Nguyen (25min)	Meeting Space		
15:00 - 17:00	**Tea and Coffee and FOSS Business Bridge (Informal Exchange between companies, developers and engineers with Snacks)**					
15:30						Education Track: Linux Course a) Basics, b) Practical Skills
16:00						Education Track: Linux Course a) Basics, b) Practical Skills
17:00	End of official program of day					

Saturday, November 21 2009

Time	Hall - Keynote	Room 204-Tech Track	Room 203-Tech Track	Room 108-Mixed Track	Room 107-Edu Track	Room 106-Edu Track
9:00	Good Morning Snack					
9:25	Welcome by Mario Behling (Chair of Summit) and Hong Phuc Dang (Head of Summit Organization)					

9:30	Keynote: Formats Matter: OpenOffice.org Louis Suarez-Potts, OpenOffice Community Manager (55min)	Remote Desktop on Ubuntu Vo, Minh Huy (25min)	Python for life, Nam Nguyen (25min)	Compare Linux and Window in the company and the school? Huynh Tuan Hai (55 min)	The community's open-source software translation (MOST) project, Vu Do Quynh (25min)	Education Track: Linux Course a) Basics, b) Practical Skills
10:00		FolderShot, Sync Your Local Folder with an Online Storage, Jeff Cai, SUN Microsystems Engineer (25min)	OpenStreetMap Introduction, Le Khanh (25min)		Open Source Education deployment in Rural/poor area in China, Frederic Muller (55min)	Education Track: Linux Course a) Basics, b) Practical Skills
10:30	Keynote: Easier, faster, energy efficient, LXDE, Fred Chien, Core Developer, Andrew Lee, Debian Package Maintainer (25min), Mario Behling (FOSSASIA)	Desktop testing in the OpenSolaris community, Paul Mei (25min)	Customizing the GNOME Desktop, Tran Xuan Huy (25min)	Linux for Artists - Designing with GNOME, Andy Fitzsimon, Kude Labs Designer (55min)		
11:00	Cost-efficient thin-client solutions, Linux Tobias Gruetzmacher (25min)	Songbird sings on OpenSolaris -- the media player to integrate your Media & Web Experiences, Yang Peng, POTI Engineer (25min)	PHP Framework, what, when, why and which Tran Nguyen Truong Thi (25min)		Podcasting with Linux, Thomas Wanhoff (55min)	Education Track: Linux Course a) Basics, b) Practical Skills
11:30	Cloud Computing - Development 2.10, Hien Nguyen Van (Chairman iNet Solutions)	GNOME Accessibility & Automation Testing Ray Wang (25min)	Flipflop and Mandice, a lightweight GNOME distribution, Ping-Hsun Chen & Fred Chien (25min)	Lightning Talks & Install Fest: (1). Introduction about Ubuntu Vietnam Le Kien Truc (5min) (2). Introduction of MOSS club Tran Hoang Viet (5min). Please register for your own short talk at the event.		Education Track: Linux Course a) Basics, b) Practical Skills
12:00	Lunch					

13:00	Keynote: xPUD - Shortest path to the Cloud Ping Hsun Chen (25min)	Deployed IM system with OpenFire on Linux, Huynh Tuan Viet (25min)	POMA - solution to manage mobile objects, Phan Hua Minh Hieu (55min)	Tips & Tricks for Starting and Maintaining a Successful User Group in Your Community, Emily Chen, Software Engineer SUN Microsystems (55min)	Integrated program of linear Algebra in LaTeX for teaching mathematics, Dr. Nguyen Thai Son, University of Pedagogy HCMC (55min)	Install Fest: Come and bring your computer. We support you to test better, faster and virus free software for your existing operating system. Or: You can even get a new system.
13:30	KhmerOS, Chantra Be, Core Developer KhmerOS, Editor in Chief, Computer Magazine, (25 mins)	Embedded Linux, Bui Hoang Phuc (25min)				
14:00	Building an Open Source 3D printer - Frederic Muller (25min)	xPUD Internal - How to Optimize a Browser OS, Ping Hsun Chen, Project Founder (55min)	Programming J2ME on mobile devices - AudioPlayer, Phan Duy Kha (25min)	Lightning Talks & Install Fest	How to localize your GNOME applications, Ray Wang (workshop 55mins)	Education Track: Linux Course a) Basics, b) Practical Skills
14:30	Keynote: GNOME and the Asian Community - How to get involved, Stormy Peters, President GNOME Foundation (25 mins)		Introduction to jMaki Ajax Framework - Le Quang Minh Nhut (25min)	Please register for your own lightning short talk at the event.		Education Track: Linux Course a) Basics, b) Practical Skills
15:00	Tea and Coffee					
15:30	Keynote: moonOS, Chanrithy Thim Rithy and Viirak, Founder and Core Developer moonOS (25 mins)	Vision of OpenOffice.org in Vietnam, Nguyen Vu Hung (25min)	Zimbra Collaboration suite For Centralized Administration, Nguyen Van Hung (25min)	Workshop: Building cost-efficient thin-client solutions with Linux, Tobias Gruetzmacher (55min)	FOSS at SaiGon Tech, Nguyen Hai Son & Nguyen Thanh Binh (25min)	Education Track: Linux Course a) Basics, b) Practical Skills
16:00	Panel: Women's Participation in GNOME and IT projects, Pockey Lam, Stormy Peters, Emily Chen, Hong Phuc Dang (Panel 55 mins)	libfm, LXDE and lightweight Debian, Andrew Lee, Debian Package Maintainer (55min)	SNORG - Social Network application for Organizations - Nguyen Kim Kha (55 mins)		How to make your project's website and wiki i18n'd Ming Ting Wei (55min)	Education Track: Linux Course a) Basics, b) Practical Skills

Time					
16:30				Beyond Bandwidth: New channels to share OpenSource Software, Jean-Philippe Monteiro (25 mins)		Install Fest: Come and bring your computer. We support you to test better, faster and virus free software for your existing operating system. Or: You can even get a new system.
17:15	Lucky Draw and Closing of Day (Main Hall)					

Sunday, November 22 2009

Time	Hall	Room 204	Room 203	Room 108	Room 107	Room 106
9:00	Good Morning Snack					
9:30	StatusNet - Jon Phillips (55min)		LXDE Developer Meet Up	Map Party - How to make your own digital map of Ho Chi Minh City with GPS devices, Le Khanh	Ubuntu Release Party	Hardware Workshop - How to build Thin clients, Tobias Gruetzmacher
10:30 - 12.30	Workshops: How to build a minisite like twitter or identi.ca	Meeting for GNOME. Asia Committee Emily Chen	LXDE Developer Meet Up	Map Party - How to make your own digital map of Ho Chi Minh City with GPS devices, Le Khanh	Ubuntu Release Party	Hardware Workshop - How to build Thin clients, Tobias Gruetzmacher
12:30	Closing Notes					
12:35	Lunch					
13:00	Workshop Follow Ups and Community Closing Notes					
14:30	Trip to City, Sightseeing, Snacks					

Monday, Nov 23 2009

Time	Hall	Room 1	Room 2	Room 3	Room 4	Room 5
8:00	Tour to My Tho					
Legend	Business	Technical	Education	Lightning Talk / Install Fest	Other	
Note:	Hall can accommodate 300 people. All remaining rooms can accommodate 50-60 people each.
