FEINAIGLIAN INSTITUTION.

(Circular-Road, North.)

THIS Inſtitution was founded by ſubſcription in the Year 1813, for the purpoſe of carrying into execution the ſyſtem devised by the late PROFESSOR VON FEINAIGLE, for the more perfect inſtruction of the higher claſſes of youth in all the branches of a liberal Education. Under the influence of this ſyſtem the reaſoning powers are habitually exerciſed, the intellectual faculties thoroughly developed, and the objects of ſtudy increaſed in number, without enlarging the time heretofore uſually devoted to the Greek and Latin Languages alone.

The courſe of inſtruction comprises the LATIN and GREEK CLASSICS, LOGIC, MATHEMATICS, and HEBREW, as read for the ENTRANCE and UNDERGRADUATE COURSES in the University of Dublin, together with FRENCH, ENGLISH, and ITALIAN; DRAWING, WRITING, ARITHMETIC, GEOGRAPHY, HISTORY, DIVINITY, and ELOCUTION, alſo FENCING, DANCING, &c.

As the proprietors whoſe liberality has founded and maintained this truly National Eſtabliſhment, can never, under their Deed of Truſt, derive profits from its income, however redundant, the whole of its funds are expended in perfecting an admirable ſyſtem of liberal Education, and in procuring the beſt qualified Maſters in every department of Literature.

The affairs of the Inſtitution are managed by a Committee, of the Proprietors, who meet the Firſt Monday in each Month, or oftener when neceſſary.

The Committee desirous not only of stimulating, but maintaining undiminished the literary zeal and industry of the Pupils *after* their entrance into the University, confer on those, who obtain *first places*, Gold or Silver Medals; and to such as shall obtain University Premiums in their Freshmen years, they will hereafter grant Rewards equivalent to those awarded by the University.

An extensive Library of Miscellaneous Literature, suited to youth, is connected with the School, as also a *domestic Chapel* (with a Gallery for Parents and Strangers) where Divine Service is performed on Sundays commencing at Half-past Ten o'clock.

Trustees.—Bindon Blood, Richard Williams, Richard Cane, Esqrs.

Head Master, Rev. Dr. Hawkesworth, Second Mast. ( )

Besides the head Master, there are seventeen assistant Lecturers & Masters permanently engaged at the Institution. There are also *two Superintendents whose duty it is to attend the Pupils* at all hours not devoted to the business of the School, to be present at their Meals, Sports, and in their bed-rooms, and to report on any misconduct.

Chaplains—The Rev. Dr. Hawkesworth & ( )

Organist and Instructor of the Choir, Mr. E. C. Allen.—Physician, W. Harty, Esq. M.D.—Surgeon, Robert Harrison, Esq.—Apothecary, Mr. M. Donovan.—Register, Mr. John Gregg. The domestic arrangements are under the immediate superintendance of Mrs. Feinaigle.

BOARDING & DAY SCHOOLS FOR GENERAL EDUCATION.

CONDUCTED BY

REV. RICHARD H. WALL, A. M. M. R. I. A.

6, *Hume-street, Stephen's-Green*;

AND BY

J. SMYTH, A.M. T.C.D. (who has also a Testimonial from Trinity College Dublin, for a *regular medical degree*, recognised by the OXFORD AND CAMBRIDGE UNIVERSITIES.)*

11, *Old Dominick-street.*

These Schools, conducted entirely on the same plan, were established by their respective Proprietors on the South and North sides of the City, affording, on *moderate terms*, a most extensive and liberal course of Instruction in all the various branches of an *English*, a *Classical*, and *Polite Education*, for Day Scholars and a limited number of Boarders.

They differ from the OLD SCHOOLS *of the better order* in this, that, while the Pupils are led with the greatest care, through the different grades of the *Preparatory and higher Classics, Hebrew*, &c., there are combined all the advantages of an extensive range of *English, French*, and *Italian Literature*, together with the *Holy Scriptures, Composition* and *Elocution, Logic, Astronomy, Mathematics*, and whatever is useful for the COUNTING HOUSE, the NAVY, or MILITARY COLLEGES.

They are distinguished from the more MODERN SCHOOLS of the same rank, inasmuch as, rejecting the interference and Patronage of a Committee, the Principals submit to the Public—as the *test of their competency*, and as *their chief claims* for support—their own Collegiate character—their long experience as Instructors of Youth—the Improvement of their Pupils in Literary and Religious Knowledge, *and consequent success*‡ *in the University and other walks in life*: whilst they lay it down as an undeniable principle, that, *if unqualified for the task which they undertake, no Committee can qualify them—if qualified, the interference of a Committee must be injurious, or least inconsistent with the respectability and independence of Teachers.* However advantageous, therefore, a Committee may be *in procuring Pupils*; yet, from their avocations and rank in life, they conceive the members of such Committee less adapted than themselves to the management of a School, and, weighing, against the advantage arising from their influence, the coincidence in opinion of a large portion of the Public, they determined to conduct their Establishments solely on their own responsibility, and have not been disappointed in the result which they anticipated, a *reasonable share of Public encouragement.*

To secure to Parents and Guardians, as far as possible, the Improvement of *all Classes* of Pupils entrusted to them, the MOST EMINENT MASTERS, in every department, are engaged; and Assistants of the first rank, for *Literary Character, Religious Principles, moral conduct*, and a *capability of conveying Instruction*, are constantly employed, varying in number, according to the number of Scholars, *in the ratio of one to twelve.*

There is also, in each Establishment, a PREPARATORY SCHOOL, *for*

* In addition to a regular degree in Medicine Dr. S. has Certificates for having attended all the College Divinity Lectures and Examinations necessary for ORDERS.

‡ This success is evident by the fact—that, notwithstanding all allowances to be made for irregular attendance, want of abilities, want of co-operation, and premature entrances; yet *at least* ONE THIRD of those who have entered the University have received College Honours.

Children under Ten, whom it is the object of the Principals so to instruct, as that they shall not have afterwards to unlearn a *false pronunciation, bad accent*, or an incorrect method of *Reading—a desideratum, confessedly, in the Dublin Schools.*

Music, Drawing, Dancing, Fencing, and *Personal Deportment*, are introduced as a recreation, while they serve to *divide the periods of Study.*

The sole object of this Society is, to encourage a wider circulation of the Holy Scriptures, without note or comment, in Ireland, and (by a fundamental rule) all copies in the English language are to be of the Authorized Version only. It is their desire to co-operate with every other Institution engaged in the same work.

The annual Subscription of One Guinea constitutes a Member for one year; and of Ten Guineas, a Member for life. Ministers of all denominations, who transmit Annual Collections, are Members. The Funds are derived entirely from Voluntary Contributions; and are employed in providing Bibles and Testaments to meet the demands of the Members, and Auxiliary Societies; in making grants of the Scriptures to necessitous Districts, Prisons, &c.; in affording facilities and encouragment to Auxiliary Societies and Associations formed on similar principles for prosecuting the same object; and in providing for the regular transaction of the Society's business.

The Business of the Society is conducted at their House, 9, *Upper Sackville-street*, where Attendance is given from 10 until 4 o'Clock, every week day. The Committee meet statedly; the first and third Tuesday of every month, but their meetings are held on every Tuesday morning. All letters, &c. *solely* on the business of the Society may be enclosed, *unsealed*, under cover to Sir E. S. Lees, Dublin.

The Annual General Meeting of the Society is held in Dublin, the fecond Thurfday in April.

From the commencement in 1806, to the last Annual Meeting, there have been iffued from the Depofitory 209,764 Bibles, and 333,461 Teftaments. The Members are admitted to purchafe them at reduced prices, to a limited amount.

Inſtituted for the Education of the Poor in this Kingdom, without interference with their religious opinions, *by the Eſtabliſhment of Free Schools, and the Gratuitous Circulation of the Holy Scriptures without Note or Comment.* The Society had in operation laſt year 1352 Schools of all deſcriptions, including 630 Day Schools, containing 47,916 Scholars, as follows: in Ulſter, 826 Schools, containing 52,507 Scholars; Leinſter, 126 Schools, containing 5,317 Scholars; Connaught, 318 Schools, containing 15,711 Scholars; Munſter, 82 Schools, containing 2,909 Scholars. Total, 1352 Schools diſpenſing education to 76,444 Scholars of both ſexes and all ages.

Theſe Schools are officially viſited at the end of every quarter by the regular Inſpectors, and an examination takes place, which accurately determines the progreſs of the children, in reading, writing, arithmetic and committing the Scriptures to memory; this teſt of proficiency, with the number in attendance upon the day of inſpection regulates the teacher's ſtipend, and proportions the diſburſements of the Society to the number and actual progreſs of the Scholars.

The Society have introduced the vernacular tongue into their ſyſtem of education, by means of a claſs of Schoolmaſters trained in one of the Schools of the Society. Theſe were afterwards diſtributed as teachers of thoſe maſters who could *ſpeak*, but not *read* the language, and this extention of the practice formed the baſis of an Irish class in each ſchool, in ſituations, at leaſt, where a preference for ſuch inſtruction was found.

This experiment, conducted upon a very extended ſcale of practice, has fully aſcertained the exiſtence of a paſſionate attachment to the language on the part of the adult population, and an almoſt equal averſion to its becoming the medium of inſtruction to their offspring at ſchool, an averſion not to the literary acquiſition of Iriſh, but to the occupation of the children's time and attention in the acquirement of what, *proſpectively* conſidered, promiſes no real advantage in the uſing.

The Society have placed the management of the Schools under the direction of a Committee in Dublin. They have also removed the seat of their agency from Sligo to 23, Lower Dominick-ſtreet, Dublin, with a view to the more general ſpread of their Schools throughout the kingdom.

NATIONAL DEBT OFFICE, OLD JEWRY, LONDON.

The Act 10 Geo. IV. Cap. 24, empowers the Commissioners for the Reduction of the National Debt to grant *Life Annuities and Annuities to continue for a certain limited term of Years* such, respective Annuities to commence either *immediately* or at a *future period*, upon the transfer to the Commissioners of any Bank Annuities, or any Long Annuities, as the consideration for the same.

Payments may also be made in Money in lieu of transferring Stock.

No person can be appointed the Nominee for any *Life Annuity*, under the age of 15 years; nor can any Annuity, *for a Term of Years certain*, be purchased for a shorter period than 10 years.

The Act also authorizes the Commissioners to Grant, generally, any Immediate, Temporary, or Deferred Annuities, but the Tables are too long to be published.

In the case of *Deferred Life Annuities*, Sums amounting to Five Pounds or upwards, may be paid by the Purchaser annually, instead of paying the whole consideration at once; but when any person having made one or more yearly payments for the purchase of any Deferred Annuity, or his Executors, Administrators, Successors, or Assigns shall make default, in paying the residue of such annual Payments, until the whole consideration for any such Annuity shall be fully paid, then, and in every such case, the amount which shall have been paid previous to such default shall be forfeited, and all right to any Annuity in respect thereof shall be extinguished.

Annuities granted under this Act are payable at the Bank of England, and may be received by Power of Attorney; they are also transferrable, but *Life Annuities* cannot be transferred in parts or shares, nor can the original Nominee ever be changed.

If Stocks be transferred or Money paid between the 5th Jan. *exclusive* and 5th April *inclusive*	The Annuity whether for Life or Years will be payable every 5th July and 5th January.
If between 5th April *exclusive* and 5th July *inclusive*	On 10th Oct. and 5th April.
If between 5th July *exclusive* and 10th October *inclusive*	On 5th Jan. and 10th July
If between 10th Oct. *exclusive* and 5th January *inclusive*	On 5th April and 10th Oct.

The Act directs that for 14 days next after any of the said Quarterly days, no Bargain shall be made by the Commissioners for the Grant of any Annuity.

No less sum than 100*l.* of Stock (or Money equivalent thereto) can be transferred or paid in the first instance; but additions may be made to any Annuity already purchased, by transferring an amount (not less than 20*l.*) of 3*l.* per Cents. or of any Stock carrying a higher rate of Interest than 3*l.* per Cent., or Money equivalent thereto.

Upon the death of any single Nominee, or of the survivor of any two joint Nominees in any Life Annuity, or upon the death of either of the two joint Nominees, in case the Annuity shall have depended upon the joint continuance of the Lives of Two joint Nominees, a Sum equal to One Fourth part of the Annuity depending upon the Life of such Single or surviving Nominee, or such Two joint Nominees (over and above all Half-yearly Arrears thereof respectively) will be payable to those entitled to such Annuity, or his, her or their Executors, Administrators, or Assigns, (as the case may be) if it be claimed within *Two Years* after such decease, but not otherwise; provided also, that the fourth part of any Expired Life annuity, payable under the Act, will not be paid upon any *Deferred Life Annuity*, unless one Half-yearly paymentt of such Deferred Life Annuity shall have been actually paid or become due at the decease of such Nominee.

Perſons having once produced the Documents required by the Act, may purchaſe a further Annuity on the Life of the ſame Nominee, without exhibiting any freſh Certificate of age, &c.

If Certificates or Affidavits containg falſe Statements of the Ages of Nominees, with intent to obtain a higher rate of Annuity than would be obtained according to their true Age, ſhould be produced, all Stocks transferred or Money paid for ſuch Annuities will be forfeited; and the perſon on whoſe behalf ſuch Stocks have been transferred or Money paid, will forfeit treble the Amount of any and every Sum which may have been received on account of any ſuch Annuity and the further ſum of Five Hundred Pounds

Perſons convicted of Forging any Document or copy of any Inſtrumens required by the Act, or of perſonating any Nominee, will be guilty of Felony and ſuffer Death.

Perſons convicted of wilfully ſwearing what is untrue, will be ſubject to the Penalties of Perjury.

Tables and Blank Forms, are delivered *gratis;* and for the Accommodation of the Public, they will be tranſmitted to perſons on writing to the "*Secretary*," but all Letters must be poſt-paid.

No charge is made at this Office, except in the inſtance of paying MONEY when the Act directs, Two Shillings and Sixpence to be charged for every One Hundred Pounds of Three per CentStock which ſuch Money would purchaſe.

Annuities under this Act are free from all Taxes, Charges and Impoſitions except ſuch as Dividends of Conſolidated or Reduced Bank Annuities are or may be ſubject to, and are to be deemed Perſonal Eſtate.

All Document relating to the Purchaſe, Transfer, or Receipt of theſe Annuities are exempt from Stamp Duty.

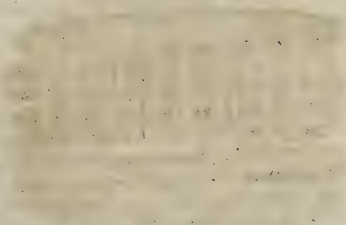

The Sum to be paid for an Annuity varies according to the Current Price of Three Pound per Cent Stock. INTERCOURSE BY STEAM

between Liverpool, Dublin, and the interior of Ireland.

THE IRISH INLAND STEAM NAVIGATION COMPANY, established by C. W. WILLIAMS, Esq. is intended for the conveyance of Passengers, Goods, Cattle, and Produce of all kinds, between Dublin and the interior, by the River Shannon and the Grand and Royal Canals.

This Company (in immediate connexion with the City of Dublin Steam Packet Company trading to Liverpool) have already Steam and Trade Boats plying daily between Dublin, Phillipstown, Tullamore, Shannon Harbour, Bannagher, Portumna, Drumineer, (near Nenagh,) Killaloe, and Limerick; and on the lower Shannon to Kilrush and Tarbert, which latter is not only the most agreeable, but the nearest and cheapest route to Killarney.

At each of the above stations the Company have an Agent who receives and forwards goods, with greater expedition and at half the rate of land carriage, to all places in the South and West of Ireland, including Ballinasloe, Loughrea, Athlone, Galway, Gort and Scariff; Roscrea, Borrisokane, Birr, and Tipperary; Askeaton, Rathkeale Ennis, Clare, &c. &c.

Graziers and Cattle Dealers will find great advantage in this mode of water conveyance, as Stock of all kinds will be brought to Dublin at moderate rates, and without the delay, fatigue, loss of weight and condition necessarily attendant on over-land driving; and if intended for the Liverpool market and consigned to the Company's Agent, will be forwarded without any charge for Agency, and may be insured against sea risk and the risk of the Shannon navigation.

Travellers about to visit the interior of Ireland proceed by the Canal Packet which leaves Dublin every afternoon, and arrives at Shannon Harbour the following morning, whence the Company's Steam Boat starts for Killaloe, passing for above 30 miles, through the interesting scenery of Lough Derg and the Shannon, and which can only be viewed to advantage from the water.

To invalids the above route presents the most desirable conveyance, as the journey is performed without fatigue, and in the most agreeable manner.

The Company have lately erected the 'Ponsonby Arms' Hotel at Killaloe, for the accommodation of Families visiting Lough Derg and the neighbourhood, enjoying pleasure and fishing parties on the Lake, or viewing the extensive slate Quarries of that district.

On arrival at Limerick, travellers for Tarbert, Kilrush, Tralee, or Killarney, take one of the Company's Steam Packets which leaves the Company's Quay, at regular hours, according to the state of the tide.

RULES RESPECTING ARBITRATIONS.

It is the duty of all the Members of the Galley to sit as Arbitrators in the settlement of any matter in dispute to them referred, provided all the arbitrators chosen are Members of the Galley.

Parties are not to make any personal application whatsoever to Members of the Galley, either respecting their appointment as arbitrators, or the subject of the matter in dispute.—Respecting the appointment, the parties, after they have chosen arbitrators, are to acquaint the Register, whose duty it is to inform the Members chosen; and respecting the matter in dispute, it must be spoken of before the arbitrators, only in presence of the parties or their agents—or where cases or evidences in writing are submitted, they must be transmitted, sealed up, through the hands of the Register.

The duty of the Register is also to take charge of papers lodged with him, and lay the same before the arbitrators; to issue notices in writing to the arbitrators of all meetings, and summonses to the parties and witnesses to attend; to draw up the awards of the arbitrators, and register the same; and to deliver the awards to the parties or their agents.

The parties referring matters to arbitration are to deposit with the Register a sum of money, to insure the payment of the Galley fees, which are appropriated, after payment of the costs of the award, to a charitable fund.

Parties to have the choice of their arbitrators; but the arbitrators, in all cases, to have the appointment of an umpire, if necessary.

Persons who desire to have their differences decided by this Society, are to make application to the Register, at his Office, No. 15, North Great George's-Street, Dublin; and if by Post, their Letters must be free of Postage.

The Wellesley National Market,

USHER'S-QUAY,

ERECTED BY MR. GEO. HOME, A.D. 1827.

This Establishment was founded for the Encouragement of *domestic Industry* and Improvement of Manufactures generally, by creating a better division of labour than hitherto existed in Ireland, particularly in the Woollen, Cotton, Cord, Worsted and Silk-branches of Manufacture, as also for *supplying by Wholesale*, Manufactured Goods in the above Branches at the lowest possible price. The facilities for doing Business in the WELLESLEY NATIONAL MARKET, gives the Occupiers of upwards of Eighty Ware-rooms many Advantages over those who have expensive Establishments in other parts of the City, the low Rents they are under, the Concentration of Articles of Commerce, and the small delay which Customers will meet with in assorting themselves with the various Commodities in Trade, are a few of the Advantages peculiar to this *Establishment.*

Home's Great Commercial Hotel

(Immediately Adjoining,)

Has been fitted up in a style of Comfort, not to be exceeded in any other part of the City. It comprises Public and Commercial Coffee Rooms, Private or Drawing Rooms, and upwards of *Two Hundred Bed Rooms*, the charges in each being regulated with the greatest economy. No gratuity to Servants solicited, and printed prices of the charges affixed up in each room, thereby preventing imposition of any kind being practised by the numerous Attendants which an Establishment of such extent must naturally employ.

Bed Rooms 1*s.* and 1*s.* 6*d.* per night, with a Charge of 6*d.* for Servants. Drawing Rooms 3*s.* and 2*s.* per day.

Coaches and Caravans to every part of the South and West of Ireland.

Coaches to His Majesty's Liverpool Packets every day, at 3 o'Clock.

The New Medical Hall,

30, *WESTMORLAND-STREET, DUBLIN.*

Instituted, 1821,

BY WARD, PRING AND CO.

From Piccadilly, London.

Under the patronage of the Nobility, Gentry, the Medical profession, and the Public.

The Proprietors trust, they will not be deemed presumptuous in inviting the attention of the Public, to the peculiar and decided advantages attendant on their Establishment. In opposition to none, but independent of all, they have endeavoured to place it on a footing at once acceptable to their notice, and in itself unexceptionable; and the continued patronage and support which they so liberally experience from the Nobility, Gentry, the Faculty and the Community at large, are proofs sufficiently convincing that the intrinsic excellence of their system has been favourably appreciated, and has met with general approbation.

Being their own Importers and Manufacturers, the Proprietors can challenge the competition of any similar Establishment, with regard either to genuineness of Articles, or to moderation of Price. In both of these particulars they are determined never to be out-done, from a sense of the advantages as well as satisfaction which arise from a limited profit and extensive sale;—and that accuracy of preparation and neatness of dispatch may not be wanting, where all things else are complete, they pledge themselves to insure these by the most active and unremitting personal attendance.

The department for the sale of Drugs and Chemicals, is supplied with every Patent Medicine of which experience has confirmed the reputation; together with the Tests and Re-agents employed in scientific experiment and research.

The Compounding department is regulated on the most improved principle, under the personal inspection of Mr. PRING, Licentiate Apothecary, and qualified assistants, whose attention is exclusively confined to the dispensing of Physicians and Surgeons Prescriptions, Family Recipes, &c. The Poprietors have directed to this branch of their Establishment, the most indefatigable and persevering attention, and they trust it will be found replete with all the advantages of modern Pharmacy, and give a decided satisfaction to those who may honor them with their confidence and support.

N. B. The Mineral Colours, and other coarse and corrosive Articles of Commerce, are not sold at this Establishment; so that the dangerous accidents which have so frequently occurred from the negligent mixture of Medicines with deleterious ingredients are in a great measure effectually prevented.

The Public will please observe, the Agency for Dublin, for Beavan and Perrin's New and Unique Preparation of Carbonated Effervescing

Cheltenham Salts, Read's Patent Stomach Pump and Patent Lavement Machine, Fisher's Syrup of Sarsaparilla, Blake's Charcoal Dentifrice, Gifford's Fruit Lozenges, Seddon's Aromatic Lozenges of Steel, Cogan's Rhatany Tooth Powder, Powell's Balsam Aniseed, Hughes's Essence of Quinine, Quinine Pills and Royal Corn Plaister, Olden's Eukeirogeneion or Shaving Oil, Mullen's Tooth-Ache Tincture and Dentrifices, Leeming's Horse and Blaine's Dog Medicines, are exclusively confined to this Establishment; British and Foreign Perfumery from the most eminent Houses in London and Paris.

The Preparations of Messrs. Savory, Moore and Co. of London, are sold at this Establishment by their appointment.

From a recent regulation, every Patent Medicine may be procured of WARD, PRING and Co. *wholesale* and *retail* (without any additional charge) at the London Prices.

THE CORPORATION OF THE

Royal Exchange Assurance of London.

OFFICES ON THE

ROYAL EXCHANGE, AND PALL MALL, LONDON,
And No. 5, COLLEGE-GREEN, DUBLIN,

Established by Royal Charter, in the Year 1719,
(Now upwards of a Century,)

FOR FIRE AND LIFE ASSURANCE;

AND ALSO FOR

GRANTING AND PURCHASING ANNUITIES.

A long period has proved, that Persons assured by this Corporation (established a century) do not depend upon *an uncertain fund* or contribution, nor are they subject to any *covenants* or *calls*, to make good losses which may happen to *themselves* or others; their capital Stock being an unquestionable security to the assured, in case of loss. The length of years they have been established, the principles they have adopted and acted on, have enabled them to extend their advantages throughout the world, by which the considerate husband has often been relieved from the subject of his care, children well provided for, and the decline of life rendered easy and comfortable to the tender and affectionate mother. A few of its prominent advantages are, therefore, submitted for public consideration.

ADVANTAGES OF ASSURING WITH THEM IN THE LIFE BRANCH.

No extra Charge made for Militia, Fencibles or Volunteer Corps, serving in defence of these Realms (the Risk of crossing the Sea excepted.)—From the simplicity of the form, a Life Assurance may be effected in a few moments with the utmost secrecy.

Promptitude in the Payment of Losses.

Assurances effected on single Lives to the extent of £10,000.

Admission or Entrance Money no longer charged.

Fifteen Days allowed for payment of the Life and Fire Premiums after they respectively become due.

Persons assuring the Lives of others, will, on surrendering the Policy to the Office after their Interest therein has ceased, be entitled to a return of the Premium for the unexpired quarters of the year.

Persons having their own Lives assured, and desirous of disposing of their Interest therein, the Company will purchase the same, at an equitable rate.

No needless Certificates or Refrences required, when the Life assured appears at the Office.

The age of the Life assured admitted by Endorsement on the Policy, after lodging the proper document, so that no further proof will be required.

Persons whose Lives are assured by this Company, by others having Interests therein, when such interest is satisfied, can resume to themselves the benefit of the Policy, for their own use: by handing the Company the Policy then in being, they will grant a Policy at the original age, &c. subject only to the clauses to which persons assuring their own Lives are governed by.

Persons whose Lives are assured by this Company, are allowed to pass in decked Vessels from one part of the United Kingdom of Great Britain and Ireland to another, and to and from the Islands of Guernsey, Jersey, Alderney, Sark and Man, and also to pass *in time of Peace only*, in decked vessels from British Ports and Places, to any Foreign Port between Flushing and Ushant without extra Premium, and without being subjected to apply as heretofore to the Office for special permission.

Office Copies are granted of Policies lost or mislaid; but the Company never grant Policies in lieu thereof.

Persons holding Assurances with this Company, and from many contingent circumstances suffering them to drop, the Company will renew the Assurance at a fine of 10s. per cent, on the Sum assured, if paid within three months from the date of the Assurance, the Party giving a Medical Certificate of the then health of the Party.

No charge made for Cost of Policies.

Life and Fire Notices are sent from the Office to the Parties, as their Assurance become due, but the sending of such Notices is not obligatory on the Company, nor can the want thereof be accepted as an excuse for Non-Payment of the Premium.

All claims paid with the utmost promptitude.

The Corporation have agreed to reduce the Premium-Rates to the following scale:—Common Insurance, 1*s.* 6*d.* per Ct.
Hazardous, 2*s.* 6*d.* per Ct.
Doubly Hazardous, 4*s.* 6*d.* per Ct.

IN THE FIRE BRANCH.

No charge made for Policies or Stamps, where the Premium amounts to Six Shillings.

Losses occasioned by Lightning made good.

Expenses attending the removal of Goods assured in time of danger, are cheerfully paid.

Fire-men, powerful Engines and other Instruments, are in constant readiness, in case of accident, and maintained at a large expense, for the security of the public.

The Men are distinguished by an Uniform of light Green, with Gold Badges bearing the Figure of the Royal Exchange, the Emblem of the Company.

This COMPANY is founded upon the principle of dividing the WHOLE OF ITS PROFITS amongst the Shareholders and such persons as have effected Insurances. To the SHAREHOLDERS a fair rate of INTEREST will be paid on their advanced Capital, with a BONUS of ONE THIRD of the profits; and to the INSURED (whether Shareholders or not) a BONUS of the remaining TWO THIRDS, in proportion to the Premiums paid by each on Policies *of not less than one year's duration*. The Interest will be paid ANNUALLY, and the Bonuses will be divided *every seven years*. The subscribed Capital of FIVE MILLIONS is divided into 250,000 Shares of £20 each, upon which two pounds per share, amounting to £500,000, have been paid and invested; and as each Shareholder is bound to effect and keep up Insurances BY HIMSELF OR SUBSTITUTE, equal to the amount of his shares, or to pay a fine of one shilling per share annually, the Company secures a certain and accumulating business, the profits of which will be divided amongst ALL who are connected with it, whether as Shareholders or Insurers; thus the Shareholder has a profitable investment of his capital, and the Insured WITHOUT INCURRING AS SUCH ANY PERSONAL LIABILITY FOR LOSSES, participates largely in the profits of a Company, whose business is commanded by the number and obligations of its Shareholders.

INSURANCES ARE TAKEN AT THE LATE PREMIUMS.—Losses will be settled and paid promptly; and Claims in which no Fraud appears, submitted to Arbitration, if required.—Losses occasioned by Fire and Lightning will be made good.

All actual expence incurred in the removal of Goods in case of Fire will be repaid.

No Charge will be made for Policies.

HIS MAJESTY having approved of the Principles upon which this Company is founded, and desirous to encourage a Native Institution of so great utility, affording the utmost facility in the transacting of every branch of Insurance, and, at the same time, the most ample security to the Public, has been pleased on the Report of the Law Officers of the Crown, to incorporate the NATIONAL ASSURANCE COMPANY BY HIS ROYAL CHARTER.

The Public are too well aware of the advantages resulting from INSURANCE, to need any comment demonstrative of its expediency and utility; and the support which an Irish Public has afforded to this, a National Establishment, has given a flattering earnest that they are not unmindful of the broad basis on which, from its formation, the NATIONAL ASSURANCE COMPANY has grounded its pretensions to support and encouragement—that of being closely identified with the Commercial Interests of this Country, and aiming to retain a portion of the vast sums which are annually remitted to England in Insurance Premiums;—liberality in all its transactions; and the most ample Security.

The DIRECTORS inform the Public, that they continue to effect

INSURANCE AGAINST FIRE

On Private Houses and all Common Risks, at the Reduced Premium of One Shilling and Six-pence per Cent. per Annum.

MARINE INSURANCES

Effected at the current Premiums of the day. Losses and Averages adjusted on the most liberal principles of indemnity, and settled with despatch.

IN THE LIFE DEPARTMENT

The Rates will be found below those of most other respectable Companies, and in the calculation of which, the Directors have had in view an

immediate, rather than a contingent benefit to the Assured, without their incurring the responsibility which the latter would involve.

The Income derived from this Branch is reserved, forming an accumulating and inviolable Fund, for the exclusive discharge of the Life Policies, and with the large Funded Capital, affords to the Assured with this Company, an amount of security not surpassed by any similar Establishment in the Kingdom.

No charge for Policies, and Losses paid without any deduction.

INSURANCE ON LIVES.

Two different objects being generally contemplated in effecting Life Insurances, some persons desiring to secure only a fixed and certain sum to be received at their decease, and to pay no more than may be sufficient for that purpose, while others prefer paying larger Premiums for the purpose of participating in the Septennial Profits, the Directors have caused tables to be prepared, by which an option is given to effect Insurances in either way; those who may desire to Insure only for a certain sum, may do so at rates which are calculated on the lowest scale of charge consistent with the safety of the Insured and a fair remuneration to the Company; others who wish both to Insure and to become participators in the Profits, may do so at Premiums computed at an increased rate of charge; and Persons Assured for the Whole of Life upon that higher scale, will be entitled to receive their proportion of three-fourths of the Profits arising from all the Insurances of that Class. The Profits will be declared every Seven Years, but no Insurer will be entitled to participate therein until he shall have paid Six Annual Premiums—such Profits may be appropriated, either as additions to the Sum Insured, or in diminution of the Annual Premium payable on the Policy, the Assurer making his election at the time the division of Profit is made.

Amongst the advantages of Insuring with this Company, the Directors beg to notice, that their rates at most ages are about 15 per cent. lower than those of many other Offices, and that they purchase Policies on liberal terms, from persons wishing to discontinue them.

From the pre-eminent advantages which this company presents to the Public, the Directors conceive that this Establishment has a prior and well-grounded claim to Public confidence and support. In its ample deposited Capital, it offers to the Assured an extent of security against Losses scarcely equalled in the Empire; in that liberality and promptitude, to which the Directors pledge themselves in all their transactions with the Public, it affords a guarantee for their fair and immediate settlement; and, lastly, in that strict secrecy, to which they bind themselves, and all persons in their employ, it presents the only additional advantage which can be wished, and which is frequently so desirable, particularly in the Life department. So long as they enable the Irish Public to realize those advantages at home, they earnestly call upon them not to continue to weaken the resources of their Country, and damp the National industry and enterprise, by sending their business abroad.

LIFE DEPARTMENT.

The vast utility, and, in many cases, the absolute necessity of Life Insurance, are every day becoming more obvious, and its various bearings better understood. The *Rates* of *this Company challenge comparison* with those of any other in the Empire; independently of which, persons Assured for the whole term of Life, will be entitled to have added, rateably to their Policies, at the end of every Seven Years, a Sum, equal to one-half the profits of the Company in the Life Branch, after deducting therefrom, such a Sum per Annum, for the Guarantee of the Capital, as the Directors may think reasonable; indeed this Company presents to the Assured every advantage to be wished, or to be desired elsewhere.

Assurances on every possible contingency effected.—Endowments granted.—Annuities bought and sold.

FIRE DEPARTMENT.

The frequent instances of want and misery entailed upon industrious individuals by accidental Fire, impose an imperative *duty* upon every man to secure himself and his family, from the baleful effects of that otherwise destructive calamity—casual conflagration, to which almost all property is hourly exposed.

Eagle Life Assurance Company.

CORNHILL AND WATERLOO PLACE, LONDON, And 30, ANGLESEA-STREET, DUBLIN.

(*Established* 1807.)

The Company is empowered by Act of Parliament, and secured by a large subscribed Capital. No Extra Payment is required under pretence of Fine for non-appearance on admission. *Four-Fifths* of the Profits septennially revert to the Assured: the sum thus returned, may either be added to the Amount of Claim, or immediately applied to diminish the future payments. A person assuring with this Society, may, therefore, justly expect a gradual annihilation of his annual premium; and after he has, by early prudence, secured a provision for his family, that income will revert to him to employ in further investment, or to increase the comforts of his advanced age.

The Directors have caused new Tables to be calculated, in which the values of Male and Female Life are, for the first time, distinguished. In consequence of this improvement, the following reductions obtain.

Annual Premium required for the Assurance of £100 to be received on the Death of
