

Seamless Cross-Border Logistics

For Guyana & Suriname's Energy Boom

© Google Earth
Image © 2025 Google

End-to-End Capabilities

Comprehensive logistics solutions including customs clearance, ferry booking, trucking, storage, and more.

Safety & Operations Features

Comprehensive safety protocols, HSSEQ training, ensure secure, compliant, and efficient handling of materials and equipment.

Real-Time Visibility & Efficiency

Tailor-Made IT solutions with, EDI, inventory, reporting, and dashboards to enhance logistics performance.

Built for Canawaima Ferry

We've optimized the route to ensure your project stays on track, utilizing trucks equipped for specialized routes and dedicated customs zones.

As Guyana and Suriname's energy sectors accelerate, so do the complexities of moving high-value cargo across Corentyne river and the Canawaima Ferry borders. That's where Blue Water delivers—local boots on the ground in Georgetown and Paramaribo, working as one to ensure the smooth, safe, and synchronized transport tailored to suit our clients logistical needs.

Service Highlights

- > Project Cargo & Out-of-Gauge
- > DG Handling & Compliance
- > HSSEQ Certified Transport
- > Crating + Staging
- > Customs Brokerage
- > Warehouse Coordination

Safety and Operations Features

- > International Warehouse SOP's
- > HSSEQ Training
- > Warehouse Safety Rules and Outfits
- > Emergency Exits and Plans

- > On site First Aid Facility
- > Risk and Mitigation Measures
- > Digital Warehouse Management System
