Portfolios 2001 Sub-series	176

INTRODUCTION

The Hon. Patricia CARNEY collection is divided into three main series, of which each relates to her political career, 1980 - 1986. The first series spans Carney's years in Opposition, 1980 - 1984, and is appropriately titled the "Opposition Series". The second series covers her tenure as Minister of Energy, Mines, and Resources, 1984 - 1986, and the third series, "Subject Files" relates both to this ministerial portfolio and to Carney's work as a Member of Parliament.

Provenance

These papers were received from the Hon. Patricia Carney. Aside from the Opposition Series, the material was created at the Minister's Office of the Department of Energy, Mines and Resources. The second series, in particular, reflects the organization of that office and includes the records of both Carney, her exempt staff, and senior civil servants of the department.

Description of the Office of the Minister

A Minister's Office is separate from its related department. The latter is operated by civil servants and creates government records. The former is run by the Minister and her exempt staff and is a political office, separate from the department for which it is responsible. One must keep in mind that although a sizeable amount of communication exists between the Minister's Office and the department, each is a separate body, creating separate types of records.

The largest part of the communications between the Minister's Office and the department take place through the deputy minister of the department. The Deputy Ministers of the Department of Energy, Mines and Resources, 1984 - 1986, were Paul Tellier and de Montigny Marchand. Prominent exempt staff members in the Minister's Office included Pierre Alvarez, Frank Basham, Wendy Jareth, Harry Near, and Steve Probyn. In most cases, incoming correspondence has been handled by one of these people and relayed to the Minister, when appropriate.

Fonds

1) Opposition Series:

This subject series is derived from an original block of the papers, as they were received by the National Archives. By and large, the original order has been maintained.

2) Ministry of Energy, Mines and Resources Series:

The order of the papers in this series remains intact. The files are arranged according to a block numeric registry system. Inspection of each document will reveal the registry stamp from the Minister's Office, with a numeric classification. It is this classification which has determined where the document is to be filed. Thus, the material has no alphabetical sequence but is divided into major subject sub-series, as follows:

Vols. 7 - 33. Acts and Legislation, Agreements, Invitations, Speeches, Trips and Visits, Conferences and Meetings, Finances, Personnel, and Correspondence relating to the **operation of the Minister's Office**.

From this point onward, all files relate solely to specific portfolio subjects.

Vols. 34 - 36 contain material on **Mining**.

Vols. 36 - 44 cover **Energy**.

Vols. 44 - 53 covers **Conservation and Non-petroleum** matters as they relate to specific types of energy (ie. wind, nuclear energy).

Vols. 53 - 61 cover the **National Energy Program** and its various programs. These include: CHIP, Canadian Home Insulation Program; COSP, Canadian Oil Substitution Program; Industrial Programs.

Vols. 61 - 78 contain documents on **Petroleum**.

Vols. 78 - 82 covers **Natural Gas**.

Vols. 82 - 91 is devoted to the Canadian Oil and Gas Lands Administration, better known as **COGLA**.

Vols. 92 - 93 cover the Petroleum Incentive Program (**PIP**).

Vols. 93 - 114 covers **Energy Crown Corporations** such as Petro-Canada, AECL, AECB, and NEB).

Vols. 115 - 116 covers **Pipelines**.

3) Subject File Series:

The files in this series have been created from a large block of unorganized material. The information relates both to Carney's responsibilities as a Member of Parliament from Vancouver and to her tenure as Minister of the Department of Energy, Mines and Resources (EMR). The largest part of this series relates to and overlaps with the material found in the Energy, Mines and Resources Series.

Significant portions of this series are composed of items relating to the Canadian federal/provincial agreements achieved during Carney's period as Minister (ie. Atlantic and Western Accords), meetings with various industrialists plus provincial and federal cabinet ministers, the National Energy Board, Petro-Canada, topics relating to gas and oil (ie. pricing), trips and visits, and the Minister's constituency office in Vancouver, British Columbia.

Following the files in this series are two **card indexes**. The first one, vol. 134, is a cross-indexing of names and organizations pertinent to the operation of the Energy, Mines and Resources portfolio. The second card index, vols. 135 - 139, provides an alphabetical record of correspondence between the Minister's Office, 1984 - 1985, and fellow parliamentarians, the general public, and miscellaneous organizations.

Transfers

Two items have been transferred to the Moving Images and Sound Archives Division of the National Archives. They include:

- 1) a short comment by Prime Minister John Turner and IPAC (International Petroleum Association of Canada) on CKO FM News, 15 July 1984. (Accession number 1990 - 0075.152440)
- 2) Video. Information package on McDermott International Communications Services regarding development of Canada's offshore oil and gas industry. (Accession number 1990 - 0076.152439)

ELECTRONIC RECORDS

Virtual volumes # 216 through to 219:

The virtual volumes #216 through to #219 are based on original containers of floppy disks received from the Hon. Patricia Carney. Volume 216 correlates to case "A", volume 217 correlates to case "B", volume 218 correlates to case "C", and volume 219 correlates to case "D". The total amount of electronic material totals approximately 8.23 mb of records. (Please note that original dates of documents are not always given below due to the fact that they were often lost during the transition from one software to another.)

Volumes **216 and 217** relate to constituency records, 1984 to 1988. Items include data bases of names, documents related to cabinet committees (CCERD and P & P; see B26 and B39), letters to constituency, briefing notes and memorandum (see B37), Householder backgrounders and e-mails between Vancouver and Hill (see B51). Note that the Senior Policy Officer for Ms. Carney was Stephen Probyn.

Volumes **218 and 219** contain records which relate primarily to the minister's various portfolios, held from 1984 to 1988. The following list relates the general content of these virtual volumes.

- C01 - speech notes re Canadian Exporters' Association, 1988
- C02 - Free Trade Agreement: process and communications plan, 1987
- speaking notes on GATT, lumber, general items, 198_
- C03 - diskette error
- C04 - miscellaneous, including BC issues such as Indian bands, briefing notes, Expo 1986 presentation, visit of Princess Margaret, Energy Policy, 1986
- CO5 - Vancouver Office contacts, 1987
- CO6 - miscellaneous, including Trade issues, FTA outgoing letters of thanks, Telefilm and B.C. funding, editorial letters, 1987 to 1988
- C07 - Treasury Board speaking notes, Free Trade Agreement, speech notes, etc., 1988
- C08 - trip to Asia, letter to Prime Minister for B.C. support, shuffle from MINT to TB, speaking tour on FTA, 1988
- C09 - retirement, letter to Prime Minister re B.C. support, ethical guidelines, 1988
- C10 - not retained
- C11 - Carney biography and curriculum vitae, 1987
- C12 - letters regarding Carney retirement, 1988
- C13 - general letter for individuals regarding Carney's retirement, 1988

Container File**Subject****Date**

Volume 219:
