## EFFICIENCY THROUGH TECHNOLOGY

### Advanced Data Management

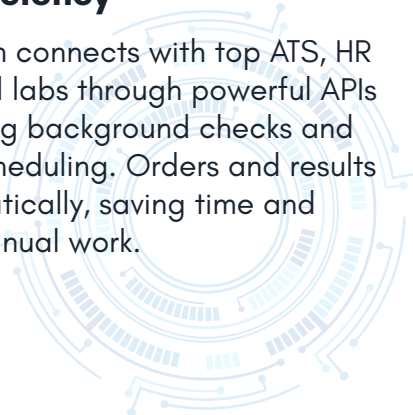

We leverage our proprietary CITRIX/Podio system to streamline data management. This robust platform securely holds comprehensive clinic and collector data, along with client-specific information such as testing locations, contacts, and onsite assignment details.

## COUNTLESS API INTEGRATIONS

### Seamless API Integrations for Hiring Efficiency

Our platform connects with top ATS, HR systems, and labs through powerful APIs –streamlining background checks and drug test scheduling. Orders and results flow automatically, saving time and reducing manual work.

## DOT COMPLIANCE SOLUTIONS

### ✓ Random Testing Program Management

Stay compliant with fully managed DOT random pools, quarterly/monthly selections, and audit-ready documentation.

### ✓ FMCSA Clearinghouse Compliance

We handle pre-employment and annual queries, violation reporting, and return-to-duty support.

### ✓ 24/7 Post-Accident Testing Nationwide

Immediate dispatch and scheduling across the U.S. to meet DOT post-accident testing requirements.

## Our Client Say

"Whether it's helping us navigate time-sensitive situations like post-accident testing or simply making sure our orders are processed accurately and efficiently, you've been incredibly helpful every step of the way. It's clear that you genuinely care about your work and the clients you support, and that makes a real difference on our end"
