EPL/Environmental Advocates is one of the first organizations in the nation formed to advocate for the future of a state's environment and the health of its citizens. Through lobbying, advocacy, coalition building, citizen education, and policy development, EPL/Environmental Advocates has been New York's environmental conscience for more than 40 years. We work to ensure environmental laws are enforced, tough new measures are enacted, and the public is informed of — and participates in — important policy debates. EPL/Environmental Advocates is a nonprofit corporation tax exempt under section 501(c)(4) of the Internal Revenue Code.

SUMMARY

FAILED Leadership

Unlike years past when Governor Cuomo, Dean Skelos, and Shelly Silver exchanged high fives in the red room, this year's silence spoke volumes about the quality of the 2013 session.

With the advent of "coalition" government in the Senate, people who care about the environment entered the year with high hopes for a productive legislative session. We believed that environmental and public health protections stood a better chance of passage with Independent Democratic Conference (IDC) Senator Jeff Klein leading a so-called group of "moderate" Democrats alongside Republican Senator Dean Skelos' conference, which has historically been difficult to move on issues ranging from climate change to protecting children from toxic chemicals.

They promised to end the Senate's dysfunction, and we had every reason to believe them.

How wrong we were.

Instead, for the second year in a row, the Senate did not deliver a single Super Bill to Governor Andrew Cuomo for his signature. On issue after issue, Senators Skelos and Klein refused to allow simple votes on legislation and stymied proposals advanced by anyone other than members of the majority coalition. Oftentimes, it appeared they were not only at political war with the mainline Democratic Conference, but each other.

Worse, even good bills sponsored by members of the ruling Independent Democratic and Republican conferences died in Senator Mark Grisanti's Environmental Conservation Committee – the graveyard of good environmental and public health legislation.

The GREEN Gulf

Once again the Assembly worked hard to move good policy – with Assemblyman Bob Sweeney putting our environment and health ahead of the wall of corporate money that consistently shuts down good legislation in the Senate. In all, the Assembly passed 26 good bills to just 11 passed by the Senate.

As importantly, Speaker Sheldon Silver led the Assembly to shut down every bad bill passed by the Senate, including legislation to invalidate critical regulations that provide basic health, safety, and environmental protections. Three of these bills earned 3-smokestacks under Environmental Advocates' rating system because their environmental impact would have been so severe; this was the highest number of 3-smokestack bills passed by the Senate in five years.

While we applaud the Assembly for continuing to lead on environmental issues, they must also step up their efforts to ensure their initiatives make it through both houses and are signed into law by the Governor.

Senate GRAVEYARD

We saw two forms of gridlock during the session: failure to lead and failure to negotiate.

Failed leadership was seen in two bills that died in the Senate despite having more cosponsors than were needed for passage. Senator Philip Boyle worked tirelessly on behalf of the Child Safe Products Act garnering co-sponsorship from an incredible 37 senators, including three members of the IDC and seven republicans. Legislation requires just 32 votes to pass. The bill went nowhere.

Unrelenting public pressure brought 34 cosponsors, including the IDC and several Republicans, onto a bill that would close a gaping loophole in existing regulations and require drilling companies to properly dispose of their hazardous waste. The bill went nowhere.

A failure to compromise sunk Governor Cuomo's plan to make our state a leader in the development of clean, renewable energy – and in the process create thousands of jobs and lessen climate-altering emissions – by placing the NY-Sun Initiative in statute for 10 years. Both houses passed versions of the bill, but they were unable to reconcile their differences, so when the final gavel fell New Yorkers were left with nothing. It is now on Governor Cuomo's shoulders to take action.

Real World CONSEQUENCES

Despite promises of reform, the Senate failed to pass any campaign finance plan that would finally break the legislative logjam that stalls common-sense solutions to real world problems.

It seems to have been lost on Senators Skelos and Klein that New York's environmental dangers are real. When climate change delivers a steady rain of devastating and unpredictable storms, there are consequences. When manufacturers are allowed to load up children's products with deadly chemicals, there are consequences. And when a legislative body fails to deliver on any of its promises, there will be consequences.

Two Ends of the SPECTRUM

In 2013, state legislators seemed more interested in gamesmanship and political power plays than working together to get anything accomplished – an extremely disappointing turn of events following the devastating toll that Superstorm Sandy and other severe weather events had on many communities statewide.

As a result, EPL/Environmental Advocates is unable to provide anyone with the distinction of 2013 Legislator of the Year. This year's legislative session brought no substantive action on issues of climate change, fracking, or children's health. For the second year in a row, none of the environmental community's Super Bills were sent to the Governor. And the one area of potential achievement – the solar energy development – failed due an impasse between the Senate and Assembly leaving the two houses unable to sort out nominal disagreements.

Honorable Mention: ROBERT K. SWEENEY

In a sea of disappointment, one legislator in particular stood out for his ongoing commitment to our environment.

As Chair of the Environmental Conservation Committee, Assemblymember Sweeney (D–Lindenhurst) continued to cement his role as a champion for New York's air, land, and water. He was the lead sponsor on three of the four environmental com-

munity's 2013 Super Bills, and was instrumental in passing them through his Chamber. The Assemblyman also shepherded a number of other environmentally beneficial bills to the floor for a vote including bills to keep mercury out of landfills and a bill to include future climate risks in municipal planning efforts.

OIL SLICK AWARDEE: Jeffrey Klein

When Senator Klein (D-Bronx) arranged his ascension to his Chamber's co-presidency, he promised to end the dysfunction that has consumed the Senate for years.

Instead, he:

- **prevented common-sense legislation** from making its way through the legislative process;
- refused to use his leadership position to prevent the **roll back of hard-fought environmental protections** from coming to the floor;
- voted for several **bad bills** which could kill protections that Senator Klein and his colleagues voted in favor of in previous years.

We had high hopes going into 2013 that bipartisan leadership would finally break the legislative logjam that has stalled so many initiatives in the past. Unfortunately, the 2013 legislative session ended with *one of the most dismal environmental records in history*.

Senator Klein receives the 2013 Oil Slick Award due to his **lack of commitment** to public health and environmental protection. The Senator seems more interested in power and press releases than sound public policy. We hope that in 2014 he will act as the leader he promised to be.

Bill Summaries

Legislation is scored on a spectrum between three trees (significant environmental benefits) to three smokestacks (significant environmental harm). Additionally, select legislation with significant benefits are identified by The Green Panel, the state's environmental community, as Super Bills.

SUPER BILLS are legislative priorities chosen by the Green Panel, which includes representatives from New York State's leading environmental groups.

Bills with 3 trees will bring **major benefits** to New York's environment.

Bills with 2 trees will bring **substantial benefits** to New York's environment.

Bills with 1 tree will **benefit** New York's environment.

Bills with 1 smokestack will be **detrimental** to New York's environment.

Bills with 2 smokestacks will be **seriously detrimental** to New York's environment.

Bills with 3 smokestacks would likely result in **major or lasting harm** to some aspect of New York's environment.

SUPER bills

1. New York Solar Bill

Establishes a 10-year, \$1.5 billion incentive program which solidifies New York's solar-energy commitment to spark private investment and bring more solar power to New York. A.5060-D (Englebright, et al.) passed Assembly. Similar bill S.2522 (Maziarz, et al.) passed Senate. These bills are not the same.

2. Fracking Moratorium & Health Impacts Assessment

Directs New York State to conduct a comprehensive assessment of fracking's public health impacts and ensures that no gas drilling permits will be issued within the Marcellus or Utica Shales prior to the final assessment. A.5424-A (Sweeney, et al.)/S.4236-A (Avella, et al.) passed Assembly; died in Senate Environmental Conservation Committee.

3. Climate Protection Act

Establishes a limit on greenhouse gas emissions from all sources in New York and requires that the limit not be greater than statewide emissions for the year 1990. Statewide limit is to be reduced until emissions are 80% below 1990 levels by 2050. A.6327 (Sweeney, et al.) passed Assembly. Similar bill S.735 (Avella, et al.) died in Senate Environmental Conservation Committee.

4. Child Safe Products Act

Identifies chemicals of concern, prioritizes them based on the likelihood for exposure, and requires disclosure by children's product manufacturers as to whether their products contain priority chemicals. Phases out the use of certain toxic chemicals in children's products starting January 1, 2018. Authorizes the Interstate Chemicals Clearinghouse to collect, manage, and publish the data collected from manufacturers. A.6328 (Sweeney, et al.)/S.4614 (Boyle, et al.) passed Assembly; died in Senate Environmental Conservation Committee.

5. Healthy Green Procurement

Establishes protocols for the purchase of services, commodities, and technologies by state agencies in order to minimize adverse impacts on environment and public health. A.6046 (Sweeney, et al.)/S.875 (Grisanti, et al.) passed Assembly; died in Senate Infrastructure and Capital Investment Committee.

6. Environmental Justice Advisory Group

Incorporates environmental justice principles into state agency decision-making. Establishes a permanent Environmental Justice Advisory Group within the Department of Environmental Conservation and Environmental Justice Interagency Coordinating Council to report on the effectiveness of policies. A.3569 (Peoples-Stokes, et al.) passed Assembly; not introduced in Senate.

7. Environmental Impact Reports

Requires the Department of Environmental Conservation to issue biennial reports listing areas most adversely affected by existing environmental hazards, providing a useful tool to address environmental injustices in New York. A.3729 (Peoples-Stokes, et al.)/S.931 (Serrano, et al.) passed Assembly; died in Senate Environmental Conservation Committee.

8. No Recyclables in Landfills

Prohibits disposal of recyclable materials in landfills and incinerators and identifies materials for mandatory recycling, such as newsprint, glass, metal containers, and certain plastics. A.3754 (Colton, et al.)/S.719-A (Grisanti, et al.) passed Assembly; died in Senate Environmental Conservation Committee.

9. Corraling Wild Boars

Prohibits in-state possession, importation, sale, or transport of the invasive and destructive Eurasian boar. A.3767-A (Glick, et al.)/S.5733 (Little, et al.) passed Assembly and Senate. Awaiting the Governor's signature.

10. Safer Sofas

Prohibits the sale of new residential furniture containing ineffective and toxic chemical flame retardants beginning July 1, 2014 and requires New York to develop an open flame flammability standard which will be periodically reviewed. A.6557 (Sweeney, et al.)/S.4780 (Grisanti, et al.) passed Assembly; died in Senate Finance Committee.

11. Energy Efficient Equipment Purchasing

Requires organizations that receive funds for capital improvements from the New York State Dormitory Authority and/or the Urban Development Corporation to use the funds to purchase Energy Star equipment and appliances when available. A.53-A (Hevesi, et al.)/S.1187-A (Maziarz, et al.) died in Assembly Ways and Means Committee; passed Senate.

12. Incentives for Energy Star Appliances

Provides a sales tax exemption for certain energy efficient appliances beginning on April 1, 2014 and continuing for five years. Only applies to the Energy Star rated appliances listed in the legislation and purchased after April 1, 2014. A.758 (Rosenthal)/S.3854 (Marcellino, et al.) died in Assembly Ways and Means Committee; passed Senate.

13. Brownfield Tax Credit Reporting

Requires the Department of Tax and Finance to issue a report detailing tax credits claimed through New York State's Brownfield Cleanup Program for years 2005 through 2007. A.892 (Rosenthal) passed Assembly; not introduced in Senate.

14. Indian Point Replacement Plan

Requires the State Energy Planning Board to evaluate opportunities for replacing power generated by the Indian Point Energy Center – a nuclear power facility that reached the end of its designed forty year lifespan – with other sources, including electricity from clean energy sources. A.1038 (Jaffee, et al.)/S.1645 (Carlucci, et al.) passed Assembly; died in Senate Energy and Telecommunications Committee.

15. Private Well Testing

Stipulates that sales contracts for properties serviced by private drinking water wells include requirements to test wells for various contaminants, and that test results be shared with appropriate agencies. A.1040 (Jaffee, et al.) passed Assembly; not introduced in Senate.

16. Home Energy Efficiency

Allows electric generating systems that are eligible for net-metering to qualify for financing under the Green Jobs-Green New York program. A.1245 (Cahill, et al.)/S.1111 (Maziarz, et al.) passed Assembly and Senate. Awaiting Governor's signature.

17. Shark Fin Prohibition

Prohibits the possession, sale, offer for sale, trade, or distribution of shark fins. A.1769-B (Maisel, et al.)/S.1711-B (Grisanti, et al.) passed Assembly and Senate. Signed into law by the Governor on July 26, 2013.

18. Lower Mercury Light Bulbs

Bans the sale of several common types of general purpose fluorescent light bulbs if they exceed the maximum mercury levels listed in the law and authorizes the Department of Environmental Conservation to establish regulations for mercury content standards in all light bulbs. A.2048 (Kavanagh, et al.) passed Assembly; not introduced in Senate.

19. Biodiesel for Heating Oil

Requires all heating oil sold for use in any building within certain counties and in New York City to contain at least two percent biodiesel starting October 1, 2013 with a statewide mandate beginning July 1, 2014. A.2129 (Sweeney, et al.) passed Assembly; not introduced in Senate.

20. TRIS Ban

Prohibits sale of products intended for use by infants and children, including toys, car seats, and baby products containing the flame retardant chemical TDCPP (TRIS [1,3-dichloro-2-propyl] phosphate) beginning December 1, 2015. A.4741 (Sweeney, et al.)/S.3703 (Grisanti, et al.) passed Assembly; died in Senate Rules Committee.

21. Cadmium Ban in Novelty Products

Prohibits sale of novelty products (including jewelry, toys, and ornaments) containing more than 0.0075% (75 parts per million) cadmium after June 1, 2015. A.4822 (Sweeney, et al.) passed Assembly; not introduced in Senate.

22. Pesticide Free Summer Camps

Prohibits pesticide use on playgrounds, turf, and athletic or playing fields at children's overnight camps and day camps except when an emergency application is warranted. A.4841-C (Paulin, et al.)/S.5288-C (Carlucci, et al.) passed Assembly; died in Senate Health Committee.

23. Transit Fund Protection

Protects funding for public transit systems across New York by prohibiting diversion of dedicated transit funds. A.5084 (Brennan, et al.)/S.3837 (Golden, et al.) passed Assembly and Senate. Awaiting Governor's signature.

24. Promoting Local Food Purchasing

Requires New York State to include a list of New York food products in all state agencies' food product purchasing solicitations, thus promoting local food. Also requires purchasers to report on all food products bought, allowing New Yorkers to track how much local food is used. A.5102 (Peoples-Stokes, et al.)/S.4061 (Ritchie, et al.) passed Assembly and Senate. Awaiting Governor's signature.

25. Drug Disposal Demonstration Program

Directs the Department of Environmental Conservation to work with the State Police to establish a one-year demonstration program for the safe disposal of prescription drugs. A.5465 (Sweeney, et al.)/S.3985 (Grisanti, et al.) passed Assembly; died in Senate Health Committee.

26. Climate Change Planning

Requires New York State to include future climate risk in a broad range of planning, permit, and funding processes. The legislation also directs the Department of State to work with the Department of Environmental Conservation to develop model climate change adaptation zoning laws for use by municipalities. A.6558 (Sweeney, et al.)/S.5138 (Fuschillo, et al.) passed Assembly; died in Senate Rules Committee.

27. Green Buildings Extender

Extends the green residential building grant program. Enacted in 2008, the program provides funding to support the construction of new residential buildings, or substantial renovations to existing structures, that meet green building standards. A.6777 (Paulin, et al.)/S.3977 (Maziarz, et al.) died in Assembly Energy Committee; passed Senate.

28. Cleaner Air at Schools

Extends, until 2019, provisions of the Education law that limit the idling of school buses while parked or standing on school grounds. A.6917 (Miller, et al.)/S.4868 (Lanza, et al.) passed Assembly and Senate. Signed into law by the Governor on June 30, 2013.

29. Mercury Thermostat Collection

Requires manufacturers to establish a collection program for out-of-service mercury thermostats and prohibits charging consumer fees to do so. A.8084 (Sweeney, et al.)/S.1676-A (Grisanti, et al.) passed Assembly and Senate. Awaiting the Governor's signature.

30. Amends Polluter Spill Liability

Amends strict liability for petroleum spills and makes it more difficult for Department of Environmental Conservation to recover costs from those responsible for oil spills. A.2065 (Schimminger)/S.1675 (Grisanti, et al.) died in Assembly Environmental Conservation Committee; passed Senate.

In 2013, **no** two-smokestack bills passed either house.

31. Invalidating Critical Regulations

This resolution amends the state Constitution to allow the Legislature to invalidate executive agency regulations and attempts to elevate economic considerations above all basic health, safety, and environmental protections. A.4758 (Magee, et al.)/S.3462 (Seward, et al.) died in Assembly Judiciary Committee; passed Senate.

32. Arbitrary Repeal of 1000 Regulations

Requires Governor Cuomo to repeal at least 1,000 regulations based solely on their effect on economic growth and job creation, arbitrarily elevating economic growth and job creation above basic health, safety, and environmental considerations, endangering New Yorkers and shifting the costs of pollution to struggling taxpayers. A.7986 (DiPietro)/S.5166 (Marchione, et al.) died in Assembly Governmental Operations Committee; passed Senate.

33. Supersized ATVs

Allows heavy, large, and environmentally damaging off-road vehicles up to 2,000 pounds to be registered in New York as "all terrain vehicles" (ATVs). S.3557 (Griffo, et al.) passed Senate; not introduced in Assembly.

How scores are calculated

To calculate legislators' scores, EPL/Environmental Advocates uses ratings developed by our sister organization, Environmental Advocates of New York.

Legislators earn between 1 and 3 points respectively for votes in support of bills rated by Environmental Advocates of New York as 1, 2, or 3 “tree” bills. Tree-rated bills are those that will benefit the environment. Legislators earn between 1 and 3 points respectively for votes against bills that are given a rating of 1, 2, or 3 “smokestacks.” Smokestack-rated bills are those that will harm the environment.

Legislators earn points for supporting Super Bills — the environmental community's top legislative priorities — as follows:

Co-sponsoring: Lawmakers receive half-credit (1.5 points of a 3-tree bill) for Super Bills they sponsor or co-sponsor. However, if a Super Bill is voted on, the vote is counted in the score, and credit is not given for co-sponsorship. Members who request to be added as co-sponsors also receive co-sponsorship credit.

Becoming law: If a Super Bill is passed by both houses and signed into law, all legislators who voted for it receive 3 points plus 2 bonus points.

Incompletes: Legislators who miss more than 20 percent of votes receive a score of incomplete (INC).

visit us ONLINE

You can access the environmental score of every state legislator, going back to 2007, by searching our online database.

Visit www.eplscorecard.org to get started.

What you can do now that you know the score

Find out who represents you. Visit www.assembly.state.ny.us and www.nysenate.gov or call the New York State Assembly at (518) 455-4100 and the New York State Senate at (518) 455-2800.

Vote at the local, state, & federal levels. Your vote is critical when it comes to whether or not New York State protects the air we breathe, the water we drink, and the health of our families.

Contact your lawmakers. The New York State Legislature is in regular session every year from January to June. While they are scheduled to meet for six months, in recent years budget negotiations have led to lengthier sessions and “special sessions.” Write to your legislators at New York State Assembly, Albany, NY 12248 or New York State Senate, Albany, NY 12247.

Hold legislators accountable. If they voted to weaken New York’s environmental safeguards, send lawmakers a note expressing your disapproval. If your legislators are working to protect New York’s environment, write to thank them.

Support our work. Visit www.eplscorecard.org to support New York’s first environmental advocacy group working in the State Capitol.
