STEP BY STEP GUIDE

What you will need

1. Google Chrome Browser
2. Metamask extension for Chrome
3. Some funds to purchase ETH (Ethereum) coins

If you already have ETH, go to step 4.

Step 1

Install Google Chrome

If you don't have google Chrome, download and install it first via the button below.

[Download Chrome](#)

Step 2

Install Metamask

- Download the Metamask extension for Chrome: [Metamask Download](#)
- Follow on-screen instructions to set up your account.

Safety Tip: Keep your Metamask seed phrase safe! It's your crypto wallet's key.

[Download Metamask](#)

Step 3

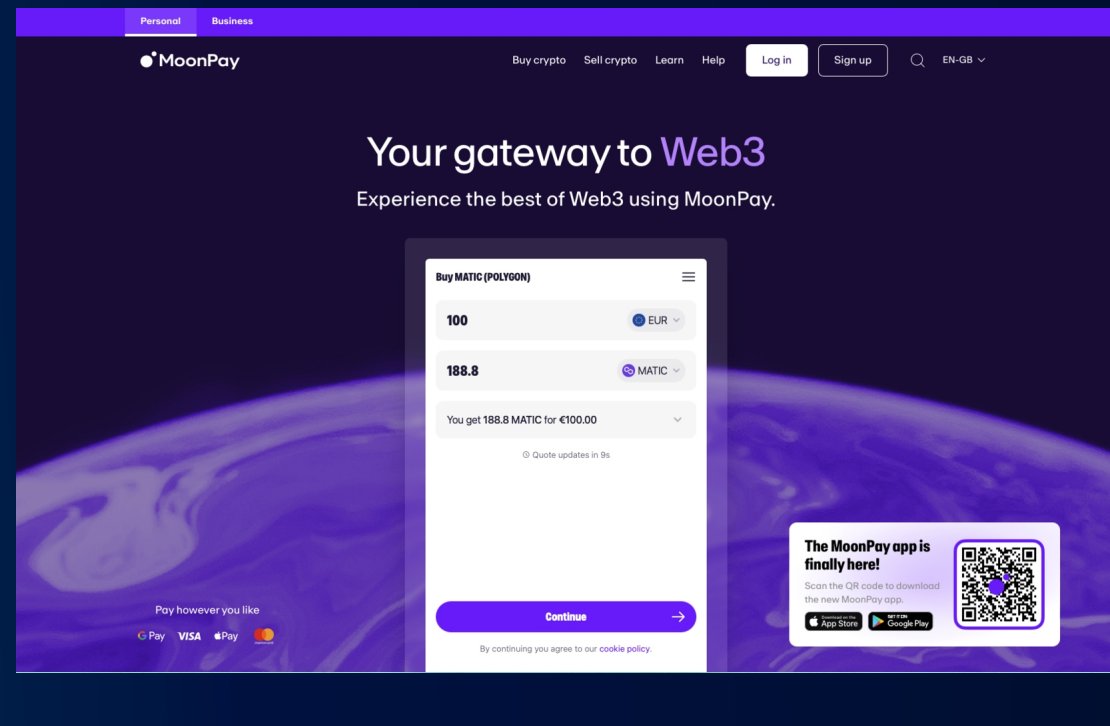

Fund Your Metamask with Eth (Ethereum)

- You'll need ETH coins to make transactions on the Ethereum network.
- Buy ETH from:
 - Moonpay
 - Ramp
 - Directly from the Metamask dashboard

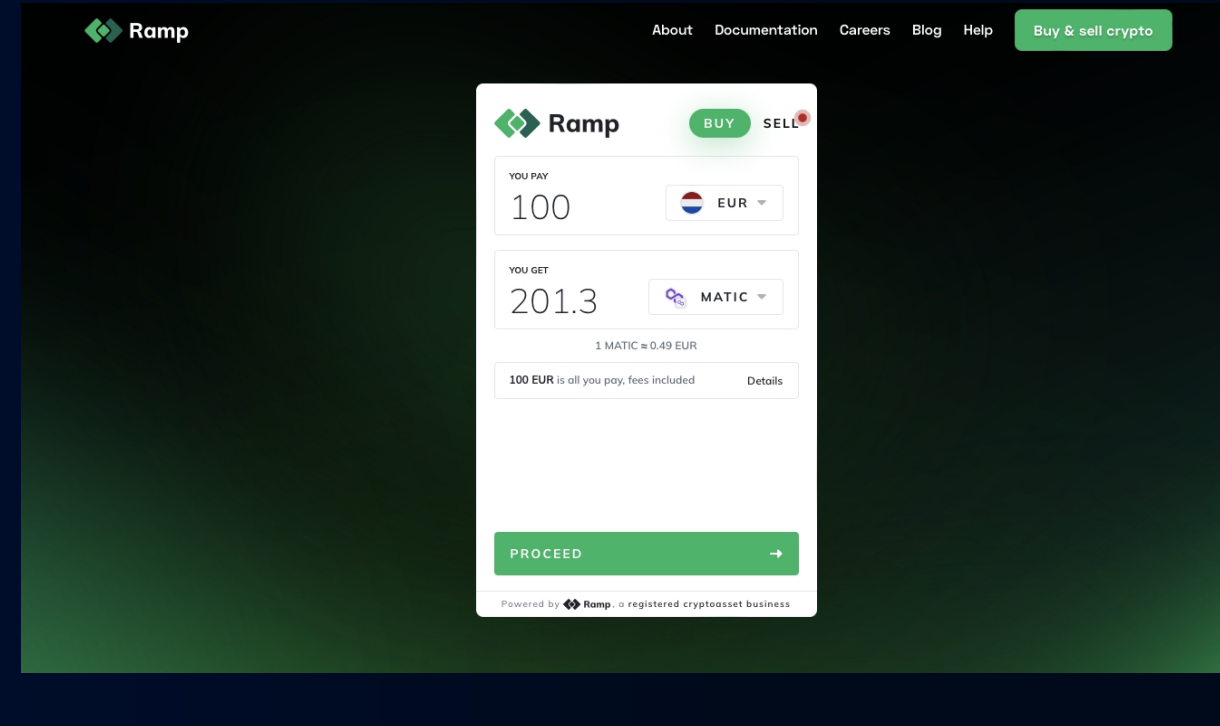

!Important!

Make sure you're purchasing ETH on the **Ethereum blockchain**.

Note that this step might take several days to complete because of identity verification and processing times.

Step 4

Buy DOP using Uniswap

- Visit the Uniswap website and navigate to "Swap"
- Connect your Metamask wallet (usually an option on the top right).
- Insert the DOP contract address (0x2a7CAAd775fd9C5c43f996A948660fFc21b4e628c) into the Uniswap interface.

- Confirm the swap.

[Visit Uniswap](#)

Step 5

Add DOP as a custom token to Metamask

To display DOP in your wallet you have to add it as a custom token in your wallet. You can do this by following the guide below and using the official contract address of DOP:

0x2a7CAAd775fd9C5c43f996A948660fFc21b4e628c
