PLAYER PATHWAY

Kowloon Cricket Club (KCC) has developed a clear pathway for children to progress through the sport, from having fun to winning games, we have it all covered. KCC is proud to have produced a number of International cricketers including Jamie Atkinson, Chris Carter, Parth Bhagwat and Ahan Trivedi.

U8's - U13's 9 Dragons

U8's – Introduction to cricket in a fun filled environment using a soft ball.

U11's – Beginning hard ball cricket takes the basic skills already learned and combines these with match scenarios during training.

KCC has three U11 teams in the CHK league across three divisions.

U13's – Intermediate hard ball cricket challenges them to perform under match scenarios. This includes setting fields, making bowling changes and honing their technical skills.

KCC has two U13 teams in the Premier and Elite divisions.

U15's - U17's Young Saracens

U15's – Mastering hard ball cricket is the first step of their Young Saracens journey and allows them to experience turf cricket wickets and full-length matches.

KCC has two U15 teams in the Premier and Elite divisions.

U17's – Transition to Seniors is the final step of their junior cricketing journey.

A high percentage of our U17's are offered Junior Subscribership's with the Kowloon Cricket Club and go onto represent the KCC Senior teams in the (CHK) Saturday league.

KCC have one U17's team in the Premier Division.

U8's - U17's Girls Development Program

Girls will develop the basic skills of cricket in the girls development program first. – Then progress to the Young Maidens program, which will introduce them to hard ball cricket taking the basic skills already learned and combines these with match scenarios during training. This is the first step into playing women's senior cricket.
