

# MEET MANNY.

Scan the code below to learn about LOGICLY's conservation efforts and our mascot, Manny the Manatee.

# MEET MANNY.

Manny the Manatee has always lived in the big blue ocean filled with endless fields of seagrass and his fish friends. Manny splashed around in the clean, clear waves while grazing on delicious seagrass.

Then, one day, the clear blue ocean clouded. The usually abundant strands of seagrass began to rapidly disappear.

Manny quickly realized he was spending more time finding smaller amounts of seagrass to eat.

Manny knew he had to do something.

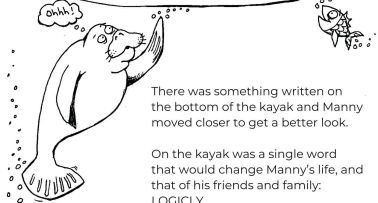

Instead of just doing the same thing over and over, he decided to search for seagrass in unfamiliar areas.

As he glided through a new area, Manny noticed a slow-moving, clear bottom kayak drifting along.

# LOGICLY

There was something written on the bottom of the kayak and Manny moved closer to get a better look.

On the kayak was a single word that would change Manny's life, and that of his friends and family: LOGICLY.

We empower and inspire confident outcomes.
