Safety Instruction

- Using earphone at high to moderate volumes for extended periods of time will result in permanent hearing damage. It is advised you keep volume levels moderate to low at times for your safety.
- Do not use while driving a car, cycling, operating machinery, or performing other activities that require hearing surrounding sounds.
- Do not use earphone in thunderstorm weather, the earphone may not work properly in the condition, and increase the risk of being hit by lightning.
- Earphone may not work properly under high temperature or high humidity conditions. Do not use any corrosive cleaner/oil to clean the earphone.
- If the earphone comes in contact with liquids, quickly wipe away.
- If submersed in water, do not turn the earphone on until completely dried. (Tips: liquid submersion voids the warranty.)
- Keep the earphone and packaging out of reach of children.
- Please use the original charging cable provided by the earphone manufacturer for charging and choose the right adapter.

FAQ

- Q: Why these earbuds can not pair with my mobile phones?**
A: 1. Please make sure the earbuds are full charged and power on.
2. Please make sure the bluetooth of your phone is turned on.
3. If above 2 points have no problem, please put earbuds into the case again and close the case, hold on for 1min, then open the charging case and reconnect earbuds with your phone.
- Q: Why does the music cut in or cut out?**
A: First, please do not let the distance between these earbuds and your phone more than 33 feet (without obstacle). If the distance is less than 33 feet, please note 2 tips as below:
1. Please make sure there is no obstacle between the earbuds and your device.
2. Please make sure there is no microwave oven/WiFi transmitter around you, which are more likely to produce electromagnetic interference and result in signal interruption.
- Q: Why does the earbuds can not be charged and not disconnected with my phone even earbuds are put into case and I have closed the case?**
A: Please make sure the charging case is not in low battery, if the charging case is in low battery, earbuds can not be charged and not disconnected even though they are in case. So, please use the type-c cable to charge the case fully.
- Q: How to contact Our Customer service?**
A: We offer a one-year replacement warranty, if there is any issue with your earbuds, please don't hesitate to contact us, we will reply within 24 hours and resolve it 100%.
