Appendix A - Acronyms, Key Terms, and Definitions 111

I&A Features

The recent updates have streamlined access when it comes to managing your information in NPPES, PECOS, PEPPER, and CBR. **If you accessed any of these systems prior to October 7th 2013, your existing account will still work just as it did previously and has been updated to take advantage of the new features.**

Create an Account

Depending on the type of user you are, and how you have set up your account, I&A will allow you to access various CMS computer systems such as NPPES, PECOS, PEPPER, and CBR and perform actions such as creating an NPI or updating Medicare Enrollment information.

Retrieve and Reset Forgotten Usernames and Passwords

All Users will have the ability to retrieve forgotten user IDs and reset forgotten passwords through the online tools, rather than contacting CMS External Users Services (EUS).

Unlock an Account

Users who lock their account by incorrectly entering the User ID and/or Password will have the opportunity to unlock their account through the online tools, rather than contacting CMS External User Services (EUS).

Register to access CMS Systems on behalf of your Organization

Authorized Officials and Access Managers will be able to add their Organization as an employer in I&A, in order to access PECOS, PEPPER, and CBR on behalf of their Organization, or so their 3rd Party Organization can work on behalf of Providers.

Add and Manage Staff within your Organization

I&A allows Authorized Officials and Access Managers to add and remove Staff from their Organization and control the functions accessible to those staff.

Work in CMS Systems on behalf of Individual or Organizational Providers

I&A allows its users to quickly and securely manage connections between Individual Providers or Organizational Providers, and their relationships with Surrogates who work on their behalf.

IMPORTANT NOTE:

Registering/Updating Information in the Identity & Access Management (I&A) System

Registering or updating information in the I&A system does not automatically enroll you in Medicare, register you for an NPI, or perform any other actions or updates in the PECOS, PEPPER, CBR, or NPPES systems.

If you created your account prior to October 7th 2013, and the information shown under your profile information, employers, or connections is not accurate please see the Frequently Asked Questions (FAQ) for more information on how to update your information.

Connections in the Identity & Access Management (I&A) System

Group Practices or any other Organization who act on behalf of Providers as Surrogates, and have 1,000 or more Connections to Individual Providers (IPs) in the Identity & Access Management (I&A) system may experience an issue when attempting to access records for these providers in NPPEs, PECOS, PEPPER, or CBR. Until a fix can be implemented you can avoid any issues by reducing the number of IPs that any one Staff End User within your Organization has connections to within I&A. If a user acts on behalf of 1,000 or less IPs they should not have any issues accessing records within NPPEs, PECOS, PEPPER, or CBR.

What Type of User are You?

Review the terms. Which term best defines you and your organization? Depending on your situation it may change.

Individual Provider/Supplier

- An individual that provides services to Medicare beneficiaries and submits claims to Medicare and/or reassigns benefits to an **Organizational Provider** (such as a group practice or hospital) that submits claims to Medicare on their behalf (e.g., Provider working for a Group Practice, or Solo Provider).
- Must have or be eligible for a Type 1 NPI in NPPEs.

Organizational Provider

- An Organization that provides medical items and/or services to Medicare beneficiaries (e.g., DMEPOS Supplier, Physician Group Practice, Hospital, etc.) that submits claims to the Medicare Part A and/or Part B programs
- Must have or be eligible for a Type 2 NPI in NPPEs.

3rd Party Organization

- A third-party organization (e.g., billing agency, credentialing consultant, or other staffing company) that has business relationships with **Individual Providers** or **Organizational Providers** to work on their behalf.

Authorized Official (AO)

- An appointed official of an **Organizational Provider** or **3rd Party Organization** with the authority to legally bind that organization and conduct business on behalf of the organization. If an **Organizational Provider**, also ensure the organization's compliance with Medicare statutes, regulations and instructions.
- Able to initiate or accept surrogacy connections, and manage staff on behalf of his or her organization.

Access Manager (AM)

- An individual, delegated by the Authorized Official of an **Organizational Provider** or **3rd Party Organization**, with the authority to legally bind the organization and conduct business on behalf of the organization. If an **Organizational Provider**, also ensure the organization's compliance with Medicare statutes, regulations and instructions.
- Able to initiate or accept surrogacy connections, and manage staff on behalf of his or her organization.

Staff End User (SEU)

- An individual (e.g., Credentialing Specialist, Office Manager, etc.) who has been approved by an Authorized Official or an Access Manager of an **Organizational Provider** or **3rd Party Organization**, or who has been approved by an **Individual Provider**, as an employee of that Organization, or is employed by that Provider.
- An employee of an **Individual Provider** or **Organizational Provider** that is authorized to access, view, and modify information within a CMS computer systems on behalf of their employer

Surrogate

- An **Organizational Provider** that has a business relationship with an **Individual Provider** to access, view, and modify information within CMS computer systems on their behalf;
- OR**
- A **Third-Party Organization** that has a business relationship with an **Individual Provider** or **Organizational Provider** to access, view, and modify information within CMS computer systems on their behalf.

What You Can Do?

Role	Represent an Organization	Manage Staff	Approve/Manage Connections	Act on behalf of a Provider in CMS systems
Individual Provider	Yes	Yes	Yes	Yes
Authorized Official	Yes	Yes	Yes	Yes
Access Manager	Yes	Yes	Yes	Yes
Staff End User	No	No	No	Yes
Surrogate	No	No	No	Yes

Examples - Setting Up Your Account and Gaining Provider Access

Create Your Account

If you have received an Invitation E-mail containing a PIN and you don't yet have an I&A account, follow the instructions in section ***How New I&A Users Register from a Staff End Users (SEU) or Access Manager (AM) Invitation.***

If you have received an Invitation E-mail containing a PIN and you already have an I&A account, follow the instructions in section ***How an Existing I&A User Responds to a Staff End Users (SEU) or Access Manager (AM) Invitation Access Manager (AM).***

- select  button or select the [register](#) link on the I&A login page and you will be navigated to the User Registration page.

One account to access multiple systems

Create one account with the Identity & Access Management System to manage access to NPPEs, PECOS, PEPPER, and CBR, manage staff, and authorize others to access your information.

IMPORTANT! - Every individual user with access to the I&A system is responsible for:

- Keeping login information secure.
- Selecting strong passwords.
- Reporting any unauthorized use of accounts.

Sharing of login information is strictly prohibited.

Create Account Now

 Use this system to register for Medicare or update your current enrollment information.

 Use this system to apply for and manage National Provider Identifiers (NPIs).

 Use this system as a guide for auditing and monitoring efforts to help providers identify and prevent payment errors.

 Use this system to evaluate individual billing report patterns to compare billing practices to peers in the same state and across the nation by specialty.

 **Frequently Asked Questions**
Answers to common questions about registration, who should register, and how to manage your account.

To learn more about Multi-Factor Authentication (MFA) [click here](#)

1. Enter your email address and the text seen in the image on the User Registration page. If you have trouble seeing the image you can either select the Listen to Audio link or select the

icon to have the image refreshed.

Once you have successfully entered the required data, select the **Submit** button

The screenshot shows the CMS Identity & Access Management System User Registration page. The header includes the CMS logo and the text "Centers for Medicare & Medicaid Services". Below the header is a navigation bar with "Identity & Access Management System" and a "Help" link. The main content area is titled "User Registration" and contains a note about email address requirements, input fields for "E-mail Address" and "Confirm E-mail Address", a CAPTCHA image with a "Listen to audio" link, and a "Submit" button. To the right of the registration form are two links: "Quick Reference Guide" and "Frequently Asked Questions", each with a PDF icon and a brief description of the content.

2. Enter the required data on the User Security page and select the **Continue** button. Security Questions and Answers cannot be duplicated. You must select 5 different questions, each having a unique answer (different from the other 4 answers).

5. You will be required to set up at least one Multi-Factor Authentication (MFA) method. And will be given the option to set up a second (alternative) method. Select your Primary Authentication Method from the dropdown list and select **Continue**.

The screenshot shows the CMS Identity & Access Management System interface. At the top, the CMS logo and "Centers for Medicare & Medicaid Services" are displayed, along with the user "Logged in as SamElliot" and a "Sign Out" link. The page title is "Identity & Access Management System" with a "Help" icon. The main heading is "User Registration - Multi-Factor Authentication (MFA) Setup". A progress bar shows four steps: "Step 1 User Security" (green), "Step 2 User Info" (green), "Step 3 MFA Setup" (blue), and "Final Review" (grey). A "Back to Previous Page" link is visible. A red asterisk indicates required fields. The main content area contains instructions: "We need a way to deliver a temporary code to you to verify your identity. We can do this via a phone number (either by voice or Text/SMS) or you can choose to have it sent to you in an e-mail. You must enter this code on the next page. You must identify at least one method for receiving your verification code; however, you may provide up to two different methods." Below this, it says "Please note the following Text/SMS and Voice Call Details:" followed by a bulleted list: "International phone numbers are not supported.", "Standard message and data charges may be applied by your carrier.", and "By entering a Mobile Phone Number, you are certifying that you are the account holder or have the holder's permission to use the phone number to receive a Text/SMS message." The section "Please select a Multi-Factor Authentication Method:" contains a dropdown menu labeled "* Authentication Method:" with the text "Select Primary Authentication Method" and a dropdown arrow. At the bottom, there are "Continue" and "Cancel" buttons.

A close-up of the "* Authentication Method:" dropdown menu. The menu is open, showing the following options: "Select Primary Authentication Method", "Phone Number Text/SMS", "E-mail Address", and "Phone Number Voice Call". A mouse cursor is pointing at the "Phone Number Text/SMS" option.

- If you select E-mail Address, the e-mail address will be pre-populated with your primary e-mail address you entered when you started registration, however you may change it.

The screenshot shows the 'User Registration - Multi-Factor Authentication (MFA) Setup' page. At the top, the CMS logo and 'Centers for Medicare & Medicaid Services' are displayed, along with the user's login information: 'Logged in as SamElliot Sign Out'. The page title is 'Identity & Access Management System' with a 'Help' link. A progress bar indicates four steps: 'Step 1 User Security' (completed), 'Step 2 User Info' (completed), 'Step 3 MFA Setup' (current step), and 'Final Review'. A 'Back to Previous Page' link is visible. The main content area contains instructions: 'We need a way to deliver a temporary code to you to verify your identity. We can do this via a phone number (either by voice or Text/SMS) or you can choose to have it sent to you in an e-mail. You must enter this code on the next page. You must identify at least one method for receiving your verification code; however, you may provide up to two different methods.' Below this, a box titled 'Please note the following Text/SMS and Voice Call Details:' lists: 'International phone numbers are not supported.', 'Standard message and data charges may be applied by your carrier.', and 'By entering a Mobile Phone Number, you are certifying that you are the account holder or have the holder's permission to use the phone number to receive a Text/SMS message.' The 'Please select a Multi-Factor Authentication Method:' section features a dropdown menu for '* Authentication Method:' with 'E-mail Address' selected. Below this, it states 'You can use the E-mail Address associated with your I&A account or enter a new one.' and '* E-mail Address where you will receive your verification code' with a text input field containing 'sam.elliott@email.com'. A final instruction reads 'Select the Send E-mail button to verify that it works.' At the bottom, there are two buttons: 'Send E-mail' and 'Cancel'.

If you select Phone Number Text/SMS, you must enter your 10 digit phone number.

Please select a Multi-Factor Authentication Method:

*** Authentication Method:**
Phone Number Text/SMS

*** Phone Number:**
Enter your 10 digit phone number the way you normally dial it.
(703) 555-1212

Send Text/SMS | [Cancel](#)

If you select Phone Number Voice Call, you must enter your 10 digit phone number, and have the ability to enter an extension.

Please select a Multi-Factor Authentication Method:

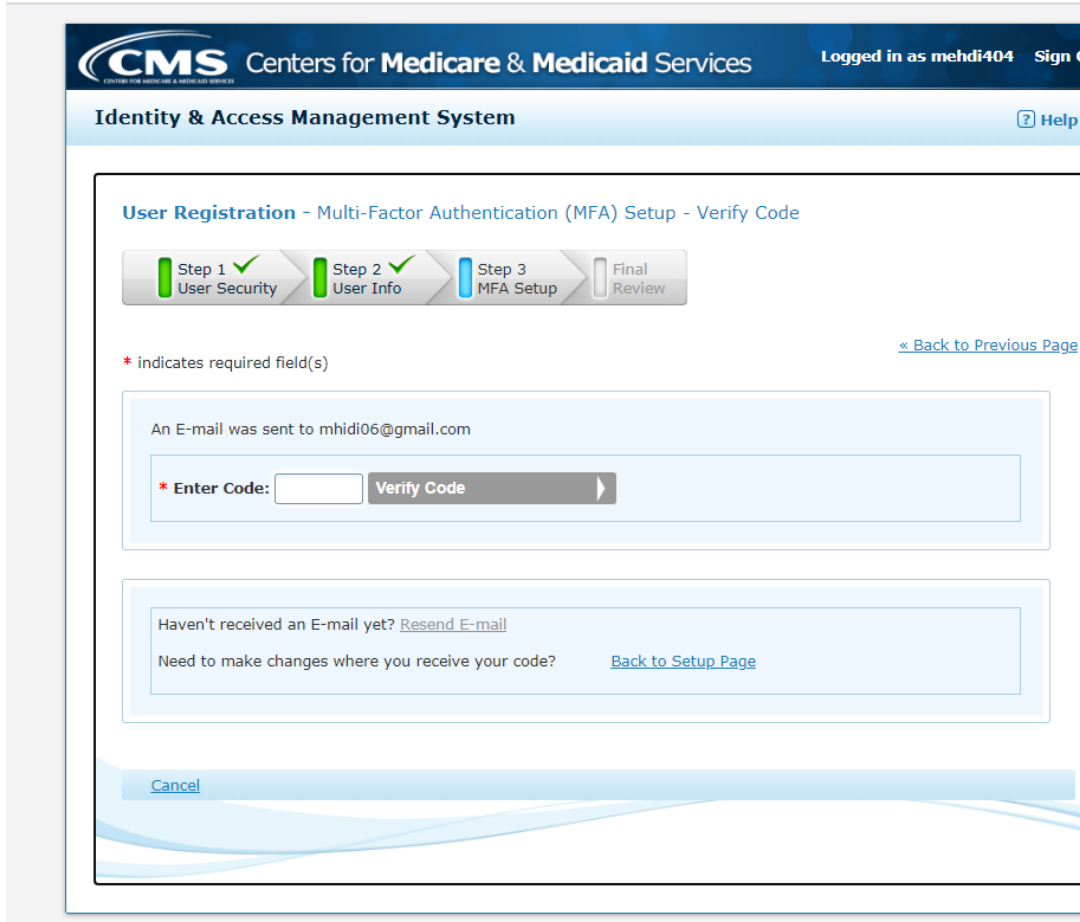

*** Authentication Method:**
Phone Number Voice Call

*** Phone Number:**
Enter your 10 digit phone number the way you normally dial it.
(703) 555-1212

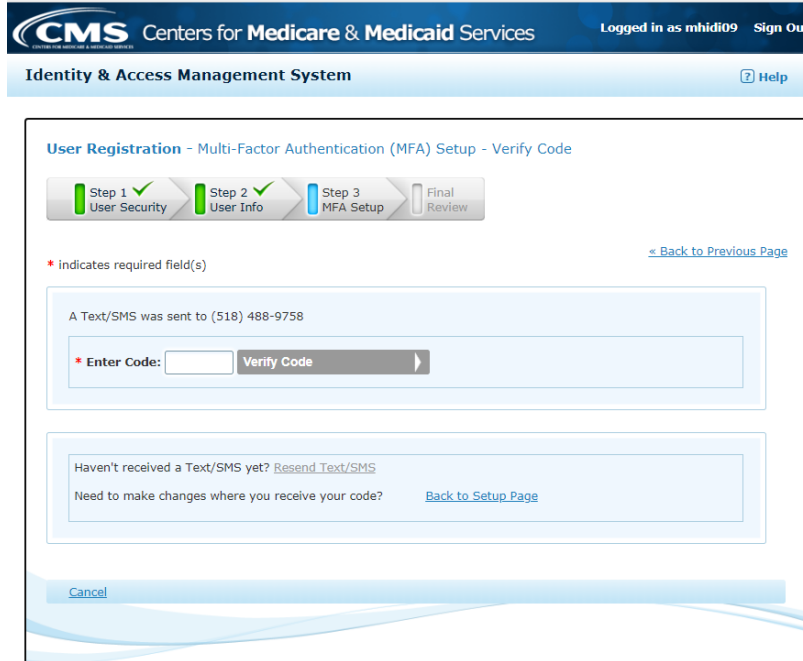

Extension:
Enter your phone number extension if applicable.
12345

Call | [Cancel](#)

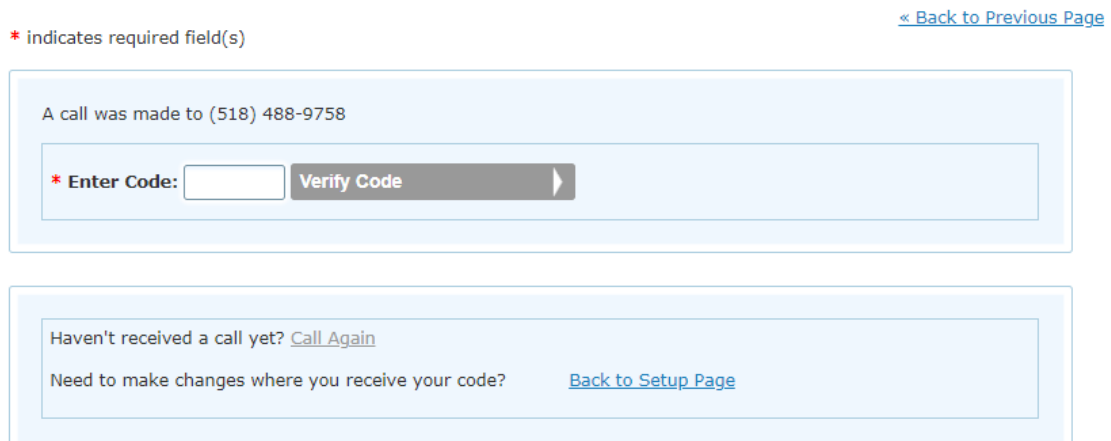

7. Enter the code you receive and select **Verify Code**.
If for some reason you do not receive a code, select the link (**Resend E-mail, Resend Text/SMS or Call Again**) to have a new code sent to you. If you need to change your method or update your e-mail address (Phone Number, if you selected Text/SMS or Voice Call) select the **Back to Setup Page** link to start the set up again.

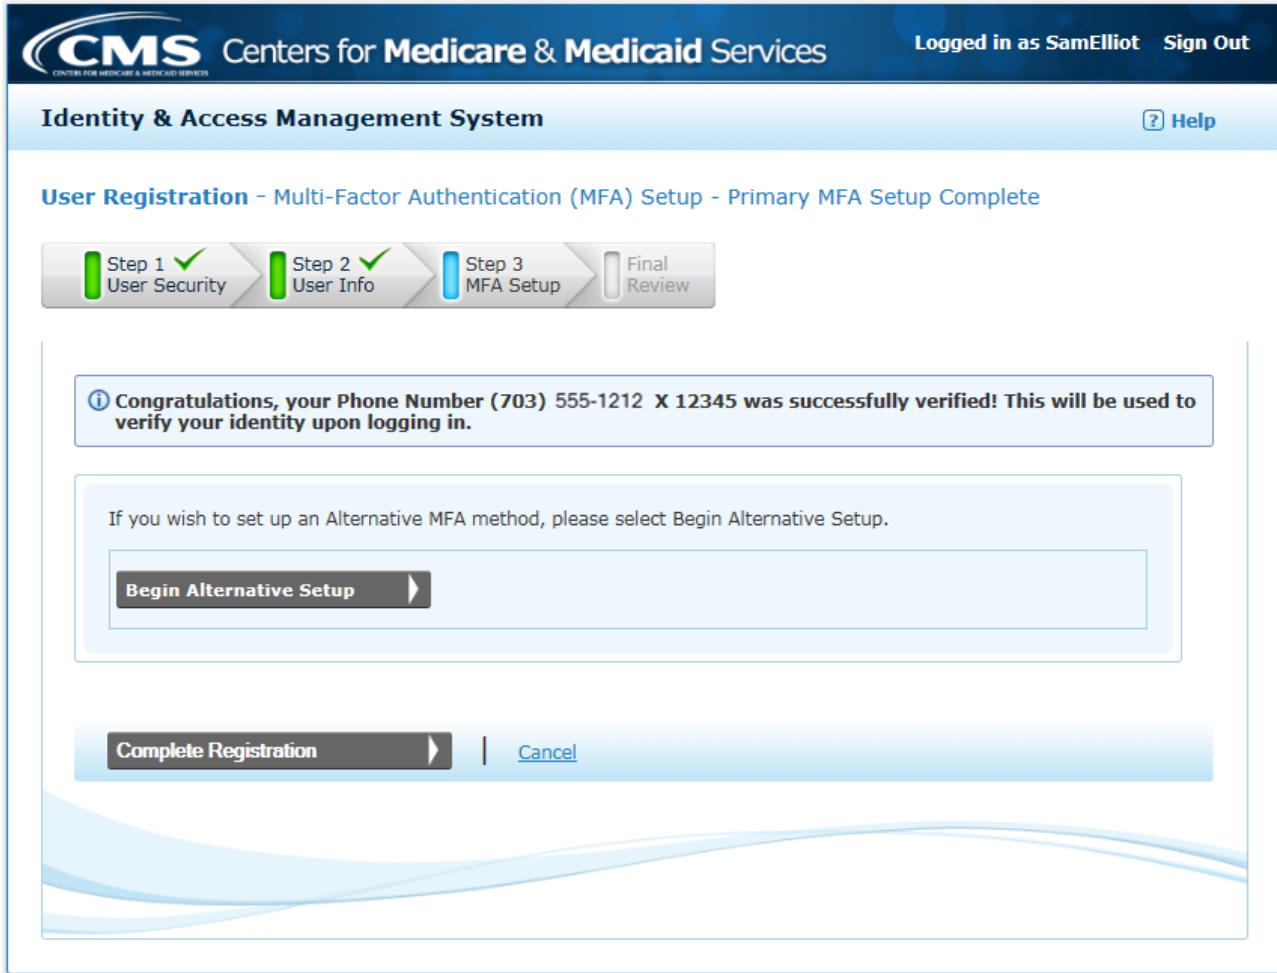

If you selected Phone Number Text/SMS, you will see the following on the verification page

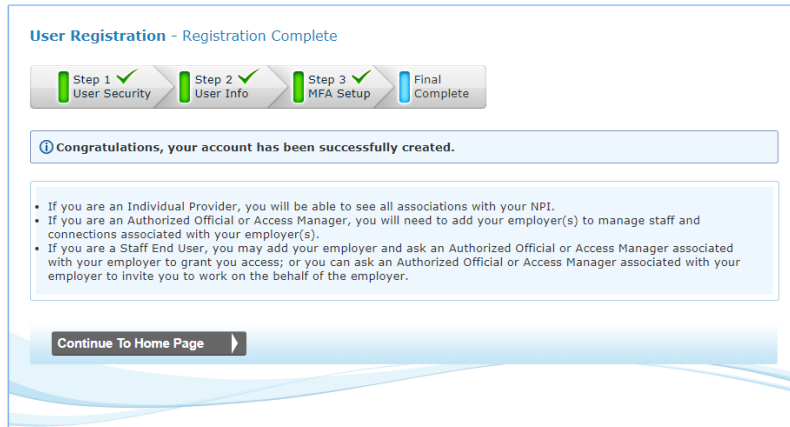

If you selected Phone Number Voice Call, you will see the following on the verification page

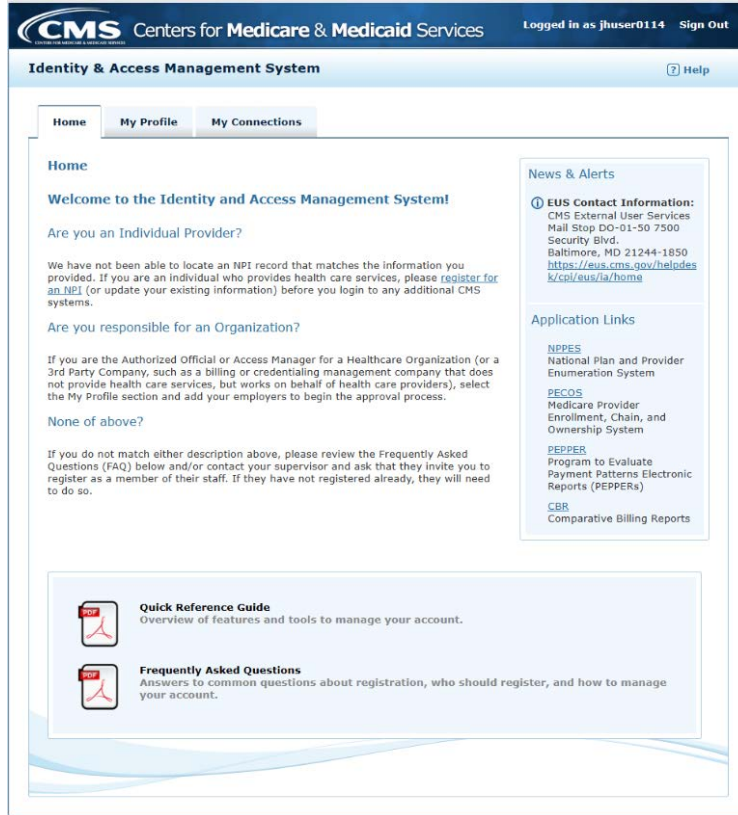

8. Your Primary MFA Method was successfully set up. You may now choose to either set up an alternative (second) method, or Complete your registration.

9. Your registration is complete, select the **Continue to Home page** button to be navigated to your I&A Home page.

10. You have successfully created your I&A account.

To learn more about Multi-Factor Authentication (MFA) [click here](#)

1. Then you select which MFA methods you wish to use authenticate. If you have only defined/set up one, then you will only have one choice. Select the **Send Verification Code** button to have your code sent to your selected device.

The screenshot shows a web interface for configuring Multi-Factor Authentication (MFA). The page title is "Identity & Access Management System" with a "Help" link. The main heading is "Multi-Factor Authentication (MFA) - Method". A note states "* indicates required field(s)". The primary instruction is "We would like to send you a code to verify your identity." Below this, a section titled "* Select where you wish to receive your verification code:" contains two radio button options: "Primary Authentication Method: Phone Number Text/SMS: (xxx)xxx-4846" (which is selected) and "Alternative Authentication Method: E-mail Address: J*****@TPGSI.COM". A link "Reset MFA" is provided for changes. At the bottom, there are two buttons: "Send Verification Code" and "Cancel".

- You will then be asked if you are logging into the system on a Public or Private device. If you are using a private device, and you agree to let the system store a cookie on your device browser, you will be able to bypass MFA when logging into I&A for the next 24 hours. Enter your code and select the **Verify Code** button. If you are having trouble getting the code or need a new code sent, select **Send New Code**.

The screenshot shows the 'Identity & Access Management System' interface. At the top, there is a header with the CMS logo and 'Centers for Medicare & Medicaid Services'. On the right, it says 'Logged in as Mehdi101 - Sign Out' and 'Last Logged on 06/24/2020 01:05PM'. Below the header, the page title is 'Identity & Access Management System' with a 'Help' link. The main content area is titled 'Multi-Factor Authentication (MFA) - Verification'. A note states '* indicates required field(s)'. The form contains several sections: 1. 'Your Verification Code will be sent to:' with two radio button options: 'Primary Authentication Method: Phone Number Text/SMS: (xxx) xxx-9758' and 'Alternative Authentication Method: E-mail Address: m*****@gmail.com'. 2. 'Are you logging in to the system on a Public or Private device?' with two radio button options: 'This is a Public Device' (selected) and 'This is a Private Device'. 3. 'Enter Code:' with a text input field and a 'Verify Code' button. 4. 'Haven't received the code yet or need a new code?' with a 'Send New Code' link. At the bottom left, there is a 'Cancel' button.

- If you select **Private Device** you will see the following pop-up window. If you give your consent to allow the system to store a cookie on you device browser, you will be able to bypass MFA when logging into I&A for the next 24 hours.

The screenshot shows a 'Consent' pop-up window. The title bar says 'Consent' with a close button. The main text reads: 'By selecting the **Consent** button, you are agreeing to let the system install a cookie on your Private Device Browser. This will give you the ability to bypass Multi-Factor Authentication for the next 24 hours when logging into the system.' At the bottom, there are two buttons: 'Consent' and 'Decline'.

Account is MFA (Multi-Factor Authentication) Locked

Your account will become MFA locked if you fail to correctly enter your MFA code before exhausting your maximum number of attempts. When this happens, you will be navigated to the [Multi-Factor Authentication \(MFA\) – Locked](#) page where you need to select the **Reset/Unlock MFA** button.

1. You will then be navigated to the [Reset/Unlock Multi-Factor Authentication \(MFA\) - Challenge Information](#) page where you have the choice of either entering the User Information associated with your locked account or answering three of your Security Questions. Enter the data and select the appropriate Continue button.

Identity & Access Management System ? Help

Reset/Unlock Multi-Factor Authentication (MFA) - Challenge Information [← Back to Previous Page](#)

Note: To reset/unlock your MFA you will need to successfully complete one of the following two options:

1. Correctly answer three Security Questions associated with your account.
2. Enter the User Information associated with your account.

If you choose Option 1, and are unable to correctly answer three of the Security Questions associated with your account, you will be required to complete Option 2 and correctly enter the User Information associated with your account before being allowed to reset your MFA.

* indicates required field(s)

Security Questions **OR** **User Information**

*** Security Question 1:**
Who is your mortgage lender?

*** Security Question 2:**
What size shoe do you wear?

*** Security Question 3:**
What was the color of your first car?

Continue ▶

*** Social Security Number (Enter Last 4 Digits):**

*** Date of Birth:**
Ex: (MM/DD/YYYY)

*** First Name:**

*** Last Name:**

*** Personal Phone Number:**

*** Home ZIP/ Postal Code:**

Continue ▶

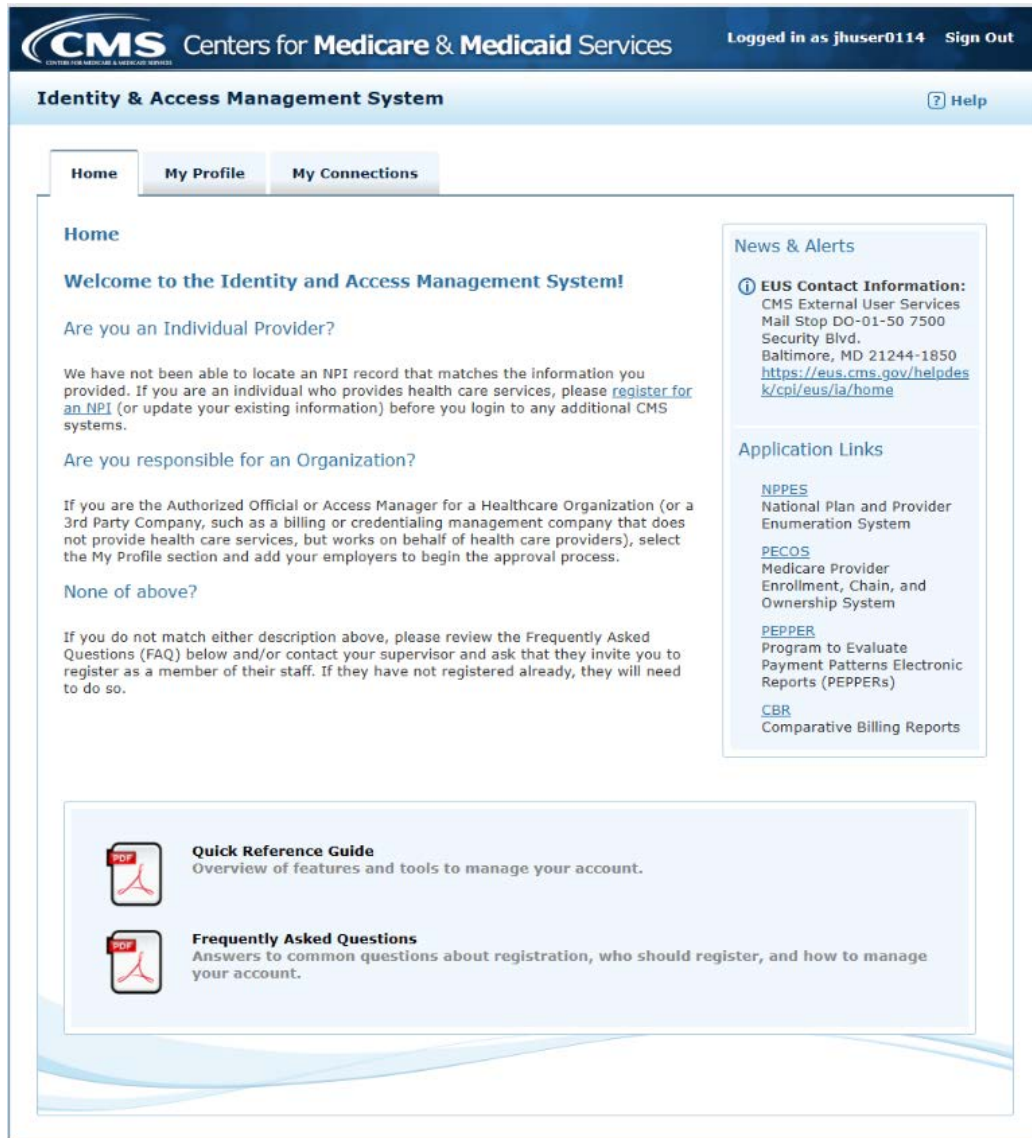

2. If you enter the correct information, you will be navigated to the [Reset/Unlock Multi-Factor Authentication \(MFA\) – Confirmation](#) page. Here you will be able to modify (delete existing and/or add new) your MFA method setup and/or **Proceed to Log into I&A**.

The screenshot shows the 'Identity & Access Management System' interface. At the top right, there is a 'Help' icon. The main heading is 'Reset/Unlock Multi-Factor Authentication (MFA) - Confirmation'. Below this, a yellow message box states: 'Your Multi-Factor Authentication has been reset/unlocked.' The central section is titled 'Multi-Factor Authentication Setup' and contains two sub-sections: 'Primary Authentication Method' and 'Alternative Authentication Method'. Under 'Primary Authentication Method', there is a table with one row: 'Phone Number Text/SMS' with the value '(703) 555-4846' and a link 'Delete this Authentication Method'. Under 'Alternative Authentication Method', there is a button labeled 'Add Authentication Method'. At the bottom of the setup section, there is a button labeled 'Proceed to Log into I&A'.

Register as an Authorized Official, Access Manager or Staff End User for your employer

Once you have created your I&A account by following the instructions outlined in the **Create Your Account** section of this document, you can request to be an Authorized Official or an Access Manager for your organization.

1. Log in to your I&A account.
2. On the **Home** tab please read the “Are you responsible for an Organization?” paragraph. It will instruct you to select the My Profile tab

3. On the **My Profile** tab, scroll to the bottom of the page - under Employer Information - and select the **Add an Employer** button.

Employer Information

The Employer Information table displays your role and status with the employers you are associated with. If you are an Individual provider, your NPI will be listed below as an employer with a role of Authorized Official.

Show:

- All Employers
- Only Approved Employers
- Only Approved and Pending Employers
- Only Cancelled, Disassociated, and Rejected Employers

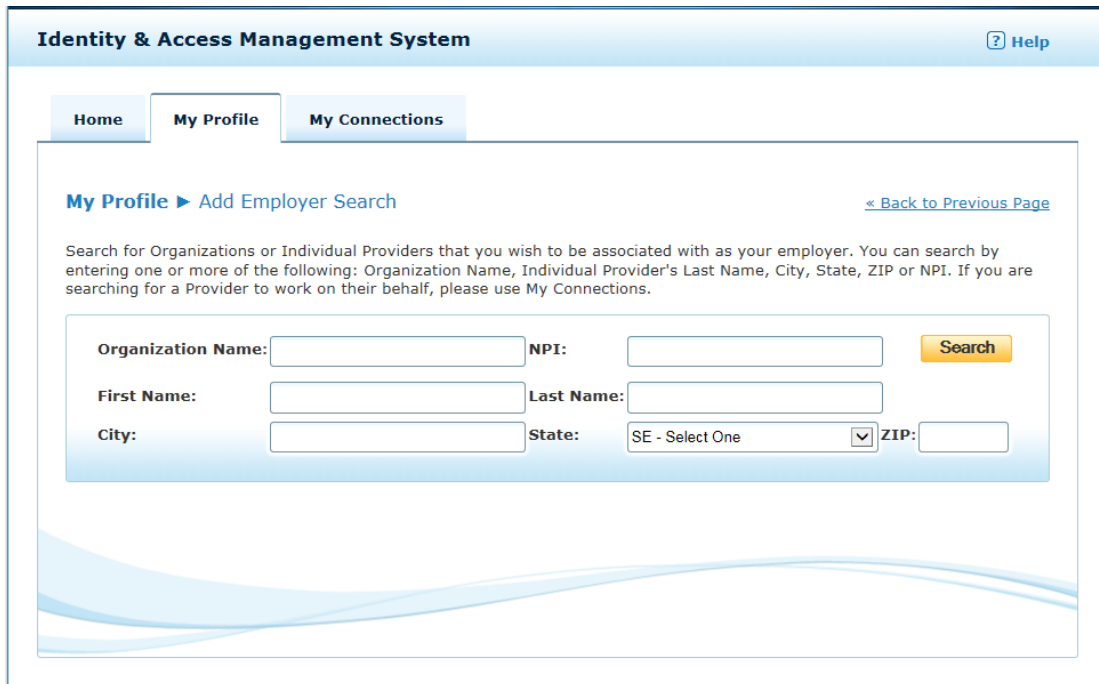

Search By: *Employer Name

No Employers Exist.

Employer ▾	My Role with this Employer ▾	My Status with this Employer ▾	PECOS	NPPES	PEPPER	CBR
------------	------------------------------	--------------------------------	-------	-------	--------	-----

If you wish to add an employer, click "Add an Employer".

- On the My Profile - Add Employer Search page, enter criteria to search for your employer and select the **Search** button. (NPI Search is recommended for Organizational Providers with an existing NPI.)

5. If your Employer is returned in the search, select the Employer from the list by selecting on the radio button next to the employer.
 - NOTE: If your Employer is not found in the Search, select the **Add Employer Not in List** button. Enter all of the required fields; select the e-mail address that you wish to use for the Employer.

If you are requesting to be an Authorized Official:

- You must submit to the EUS help desk a copy of the CP 575 [\[or approved alternate\]](#) for the organization for which you have requested to work on behalf of as an Authorized Official (To help

expedite your request please write the I&A Tracking ID on the copy of the CP 575 you submit to EUS).

- You will receive an e-mail from EUS when your request has been processed.

If you are requesting to be an Access Manager:

You MUST complete Option A or Option B below before your registration to act on behalf of the Organization below will take effect in CMS applications.

- **OPTION A:**
Print, Sign and Submit to CMS the [Access Manager Certification](#) for this request, along with the CP 575 [\[or approved alternate\]](#) issued by the IRS for the Organization for which you are requesting to be an Access Manager.
- **OPTION B:**
Please have an existing Authorized Official for this Organization approve your request by logging in to this system.

If you are requesting to be a Staff End User:

You MUST complete Option A or Option B below before you can act on behalf of the Organization in CMS applications.

- **OPTION A:**
Please have an existing Authorized Official for this Organization approve your request by logging in to the I&A system.
- **OPTION B:**
If you are only trying to gain access to your organization's Type 2 NPIs in NPPES, you can contact the NPI Enumerator for assistance.

9. You can track your employer request status at the bottom of your **My Profile** tab.

How to Setup Your Account if you are a Sole Owner

Note: As a Sole Owner you have both an Individual Provider NPI (Type 1 NPI) and an Organization NPI (Type 2 NPI). If you have not applied for your NPIs, please do so before continuing with the I&A steps below. As a Sole Owner you must include both NPIs, Type 1 and Type 2, on your **My Profile** tab under the Employer Information section. Below are additional details on this setup.

1. Log in to your I&A account with your Type 1 user ID and password.
2. On the **My Profile** tab scroll to the bottom of the page. Under Employer Information section you will be listed as the Authorized Official of yourself (your Type 1 NPI).
3. Next, add your Type 2 NPI under the Employer Information section. To do so, select the **Add an Employer** button under the **Employer Information** and follow the instructions outlined in the **“Register as an Authorized Official, Access Manager, or Staff End User for your employer”** section of this document to register as the Authorized Official of your Organization
4. You can track your Authorized Official request status at the bottom of your **My Profile** tab.

How to Initiate Adding Multiple Connection (Surrogate) Requests to a Provider

1. As an Authorized Official/Access Manager/Vetted Individual Provider, login to your I&A account.
2. On the **My Connections** tab, expand the details for the employer that you are going to create multiple surrogacy connections for by selecting the **+** (plus sign icon) next to the employer name.

The screenshot shows the CMS Identity & Access Management System interface. At the top, the CMS logo and 'Centers for Medicare & Medicaid Services' are displayed. The user is logged in as 'rswayze97' and last logged on 10/19/2022 at 10:32AM. The page title is 'Identity & Access Management System' with a 'Help' link. The navigation tabs are 'Home', 'My Profile', 'My Connections', and 'My Staff'. The 'My Connections' tab is active, showing a section titled 'My Connections'. Below this, there is a description: 'Connections will allow you to create surrogate relationships between Providers and individuals or organizations that work on the Providers' behalf. Select the name of a Connection to update or view more information about that connection.' A search bar is present with the label 'Search By: *Employer Name' and buttons for 'Search' and 'Clear'. Below the search bar, there are three connection entries, each with a plus sign icon to its left: 'House Bartheon Test 2 EIN:**-***0310', 'org dev paper09221 EIN:**-***9222', and 'September, Rebecca NPI:1144501701'.

3. To request to have your employer work on behalf of multiple providers, select the **Multiple Connections** button.

- NOTE: If you are requesting to have your employer work on behalf of ONE provider, refer to the previous section of this guide.

 September, Rebecca
September, Rebecca is a surrogate for the following providers:

September, Rebecca has been authorized to work on behalf of the Individual Provider(s) or Healthcare Organization(s) listed below. Use the Find Provider button below to initiate a request to work on behalf of a Provider or Organization not listed here. Use the Multiple Connections button below to initiate a request to add multiple provider connections using bulk upload.

[Find Provider](#) [Multiple Connections](#)

September, Rebecca has authorized the following surrogates:

The following Individual(s) or Organization(s) have been authorized to work on behalf of September, Rebecca Use the Add Surrogate button to initiate the process of authorizing an Individual or Organization to work on behalf of September, Rebecca.

My Connections ▶ Multiple Connections [← Back to Previous Page](#)

Rebecca September NPI: 1144501701

The Multiple Connections page will allow you to request new connections where your employer is the surrogate.

Submitting provider requests through this function will not automatically result in approval. The employer you are seeking a connection with will still need to approve all of the connections that have been submitted.

- Create your CSV File using the [Multiple Connections CSV Template](#).
- Maximum file size should not exceed 1 MB.
- If file size exceeds 1 MB, try to submit your data using multiple files instead of one large file.
- Only one file can be processed at a time. If you need to submit multiple files, please wait until the uploaded file is completely processed before uploading the next file.
- Maximum number of records per file is 1000.
- File Name should not contain spaces or special characters.
- Do not leave this page or log out while the file upload is in progress, if you leave the page, you will not be able to access the uploaded connection request information for this upload.

* Indicates a required field

* **Select File to Upload (CSV)**

No file chosen

5. On the new Uploaded Connections Information screen, your uploads will be listed along with the success and/or error messages of each connection request. Error messages will be populated only for rejected connection requests. These uploads can be sorted by NPI and downloaded for your own personal records by selecting **Export Messages to CSV**.

		S7739992	NPPES	Pending
<input type="checkbox"/> ng org test 098722		S7726360	PECOS	Pending

How to Approve/Reject a Surrogacy Connection Request

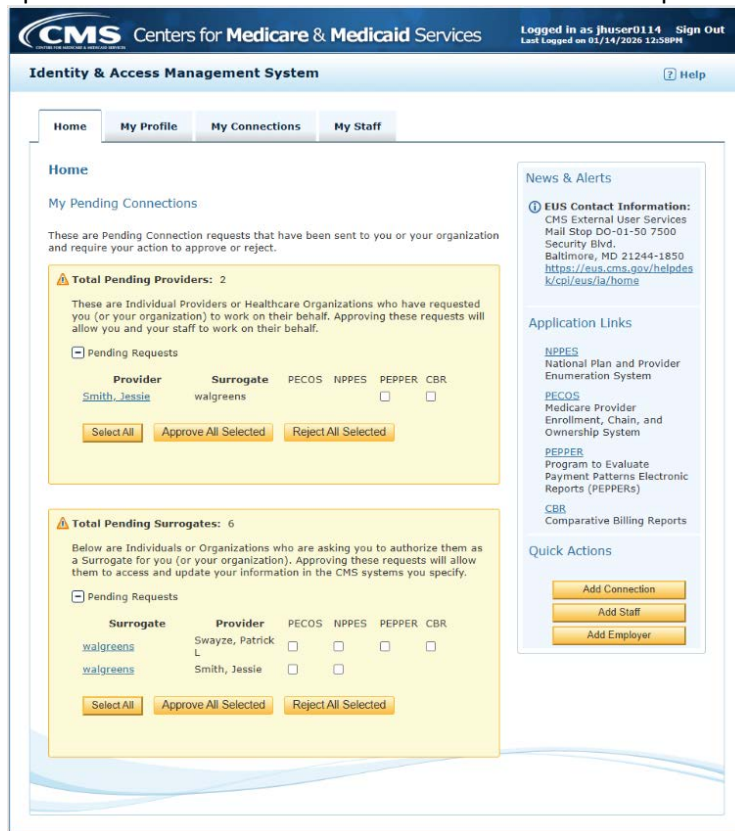

After the provider/surrogate receives the connection request e-mail, an Authorized Official of Access Manager for the Provider or Organization can take the following steps to approve/reject the request.

1. Log in to I&A
 - a. if the user does not already have an account see section Create an Account
 - b. if, once logged into I&A if the user is not an Authorized Official or an Access Manager for the health care provider, see section Register as an Authorized Official, Access Manager or Staff End User for your employer

If the user is an approved Authorized Official or Access Manager for the Provider or Surrogate organization that did not initiate the surrogacy request, the user can Approve/Reject pending surrogacy connection requests from either the Home tab or via the My Connection tab.

2. To *Approve* or *Reject* pending Connections via the **Home** tab, select the Business Function(s) you wish to Approve or Reject and then select the appropriate button (**Approve All Selected** or **Reject All Selected**).

Note: There is a separate check box for each Business Function for each provider/surrogate

3. To *Approve* or *Reject* pending Connections via the My Connections tab,
 - a. expand the employer by selecting the **+** next to the employer name

- b. then expand the Provider and/or Surrogate by selecting the next to the Provider or Surrogate name.

Cox Pharmacy

Cox Pharmacy is a surrogate for the following providers:

Cox Pharmacy has been authorized to work on behalf of the Individual Provider(s) or Healthcare Organization(s) listed below.

Use the **Find Provider** button below to initiate a request to have Cox Pharmacy work on behalf of a Provider or Organization not already reflected in the list below.

Use the **Multiple Connections** button below to initiate a request to add or disable multiple provider connections (not already included in the list below) using bulk upload.

f. repeat this process until each connection is approved or rejected.

How to Manage your Employees and Their Access

Note: Only an Authorized Official (AO) or Access Manager (AM) has the ability to manage Staff for their employers.

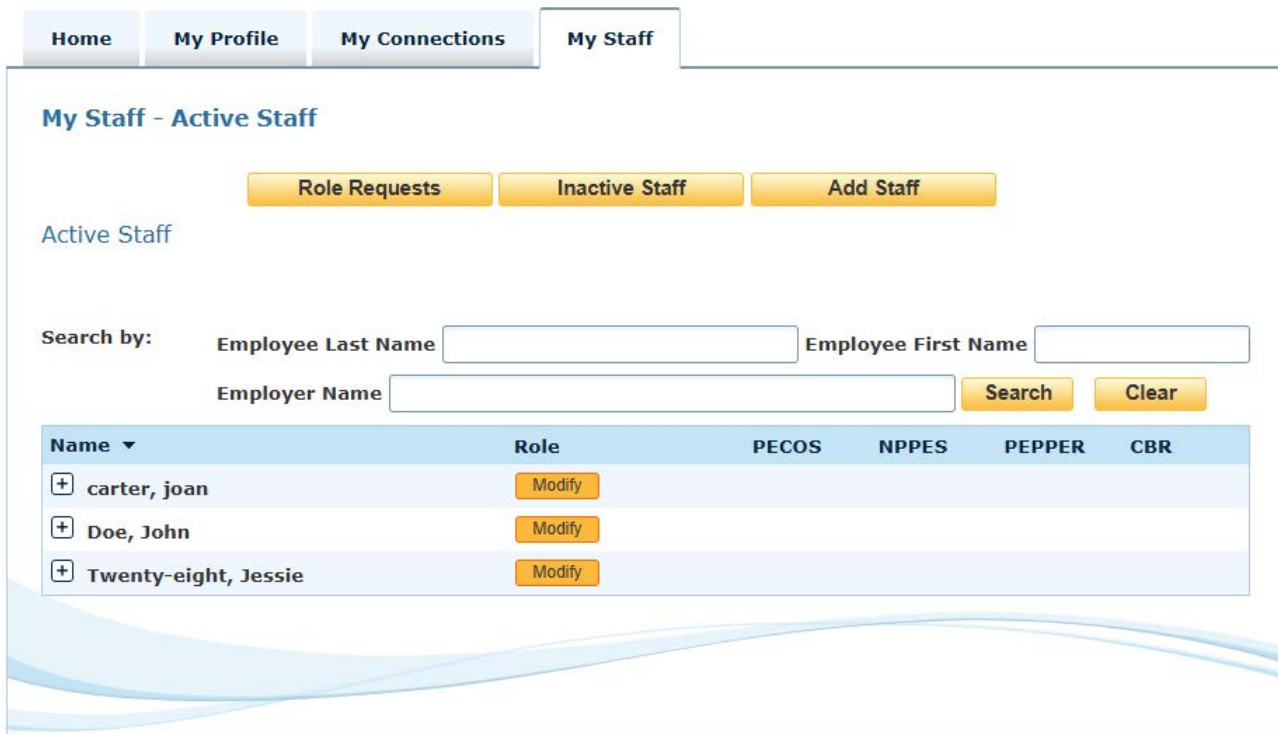

The AO or AM of the employer should first Log in to I&A and navigate to the **My Staff** tab

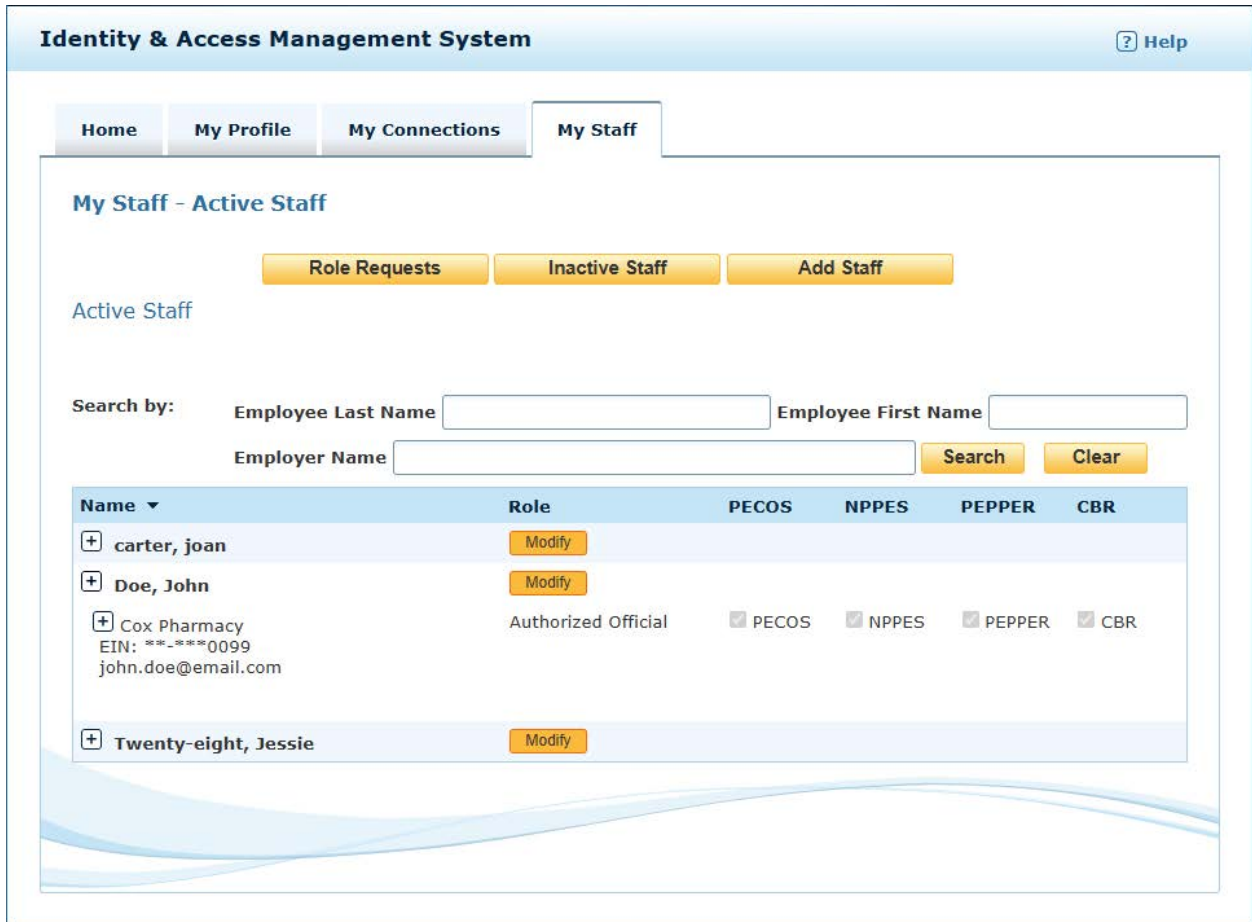

Locate the Staff End User whose access you wish to Modify by scrolling down the screen or using the Search By: Last Name / First Name search boxes.

How to view a staff user's access

View staff user's access on the **Active Staff** page of the **My Staff** tab

1. Select the **+** (plus sign icon) next to the Employee Name to expand the employee to see the list of providers and business functions for which the employer has been approved to work on the provider's behalf in the identified application.
2. With the employer expanded, the screen displays the list of providers and the business function access that has been granted to the user via the surrogacy connection between the Employer and the Provider.

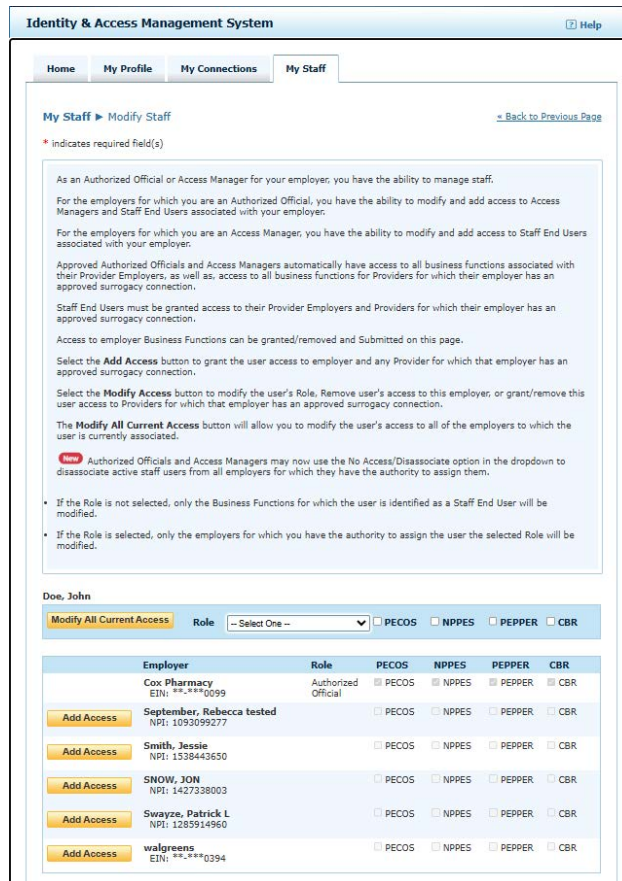

How to Modify a staff user's access

1. Select the **Modify** button under the Role heading next to the staff user whose access you wish to modify

Name	Role	PECOS	NPPES	PEPPER	CBR
+ carter, joan	Modify				
+ Doe, John	Modify				
+ Twenty-eight, Jessie	Modify				

2. The **Modify Staff** page will display.

On this page you have 2 options.

- 1) modify the user’s Employer access to all of your employers using the **Modify All Current Access** bar
- 2) Modify/Adding the user’s access to a specific Employer or modify the user’s surrogate access to providers for which the Employer is an approved surrogate.

Modifying a Staff User’s access to all Employers at one time.

Using the **Modify All Current Access** bar, you can select a Role and Business Function access to be applied to the user for ALL employers. This is useful when trying to grant a Staff End User access to all of your employers.

To do this:

1. Simply select the Role you wish to assign from the Role dropdown box
2. Select the Business Functions you want to grant access to
3. Select the **Modify All Current Access** button

Modifying a Staff User’s access associated with one Employer time.

To modify or add access for a specific employer or modify the staff user’s surrogate access to providers for which the employer is an approved surrogate, select the **Modify Access** or **Add Access** button next to the

desired employer. If no button exists, then you don't have the authority to modify the user's access associated with the employer (for example, Access Managers cannot manage other Access Managers access)
 Modifying Access.

1. Select the **Modify Access** button next to the Employer you wish to modify access for

My Staff ▶ **Modify Staff** [« Back to Previous Page](#)

* indicates required field(s)

As an Authorized Official or Access Manager for your employer, you have the ability to manage staff.

For the employers for which you are an Authorized Official, you have the ability to modify and add access to Access Managers and Staff End Users associated with your employer.

For the employers for which you are an Access Manager, you have the ability to modify and add access to Staff End Users associated with your employer.

Approved Authorized Officials and Access Managers automatically have access to all business functions associated with their Provider Employers, as well as, access to all business functions for Providers for which their employer has an approved surrogacy connection.

Staff End Users must be granted access to their Provider Employers and Providers for which their employer has an approved surrogacy connection.

Access to employer Business Functions can be granted/removed and Submitted on this page.

Select the **Add Access** button to grant the user access to employer and any Provider for which that employer has an approved surrogacy connection.

Select the **Modify Access** button to modify the user's Role, Remove user's access to this employer, or grant/remove this user access to Providers for which that employer has an approved surrogacy connection.

The **Modify All Current Access** button will allow you to modify the user's access to all of the employers to which the user is currently associated.

New Authorized Officials and Access Managers may now use the No Access/Disassociate option in the dropdown to disassociate active staff users from all employers for which they have the authority to assign them.

- If the Role is not selected, only the Business Functions for which the user is identified as a Staff End User will be modified.
- If the Role is selected, only the employers for which you have the authority to assign the user the selected Role will be modified.

Invite, Jessie

IMPORTANT: Per CMS security standards the I&A page will timeout after about 10-15 minutes of inactivity. Simply checking boxes on the screen will cause the page to timeout so CMS encourages users to select 10 - 20 providers for their Staff End User (or as many providers as you can select) and select the **Submit** button to ensure the page does not timeout. The AO or AM should then go back to modify the Staff End User’s account and continue selecting providers.

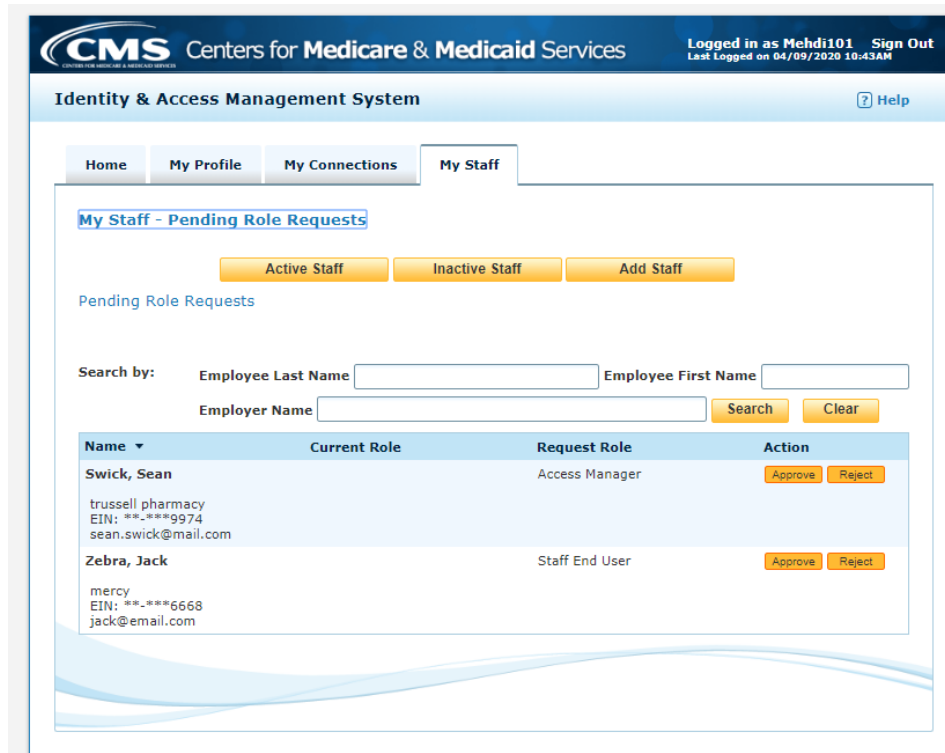

- Once you have assigned the appropriate access to the staff user, scroll to the bottom of the page, choose whether or not they wish to send an e-mail notification to the staff user, and select the **Submit** button.
- After the Staff End User is assigned access to the provider(s) AND the AO or AM selects the **Submit** button **the Staff End User must wait up to 2 hours for the system to synchronize the account updates to the EHR system**. After 2 hours the Staff End User can log in to EHR and work on behalf of the provider(s).
- To remove a Staff End User’s access to a provider, follow steps 1 - 4 above, in step 2 instead of checking the checkbox, you would uncheck the checkbox next to the Business Function(s) of the provider for whom the Staff End User should no longer have access.

How to approve staff user requests

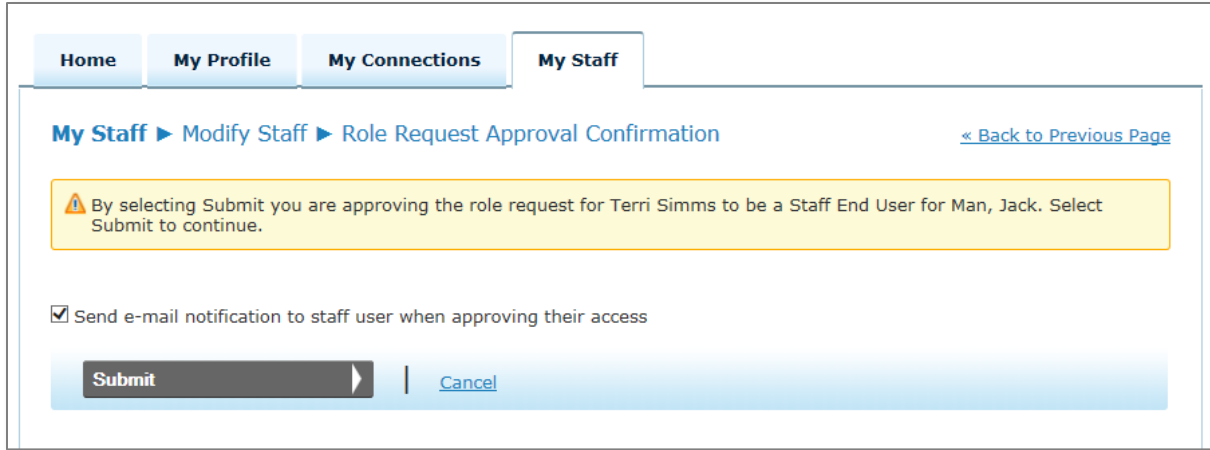

Approved Authorized Officials and Access Managers will see the My Staff. Select the **Role Requests** button to navigate to the My Staff Pending Role Requests page.

New employer requests and role change requests that you have the ability/rights to take action on will display. You will have the ability to either approve or reject the request.

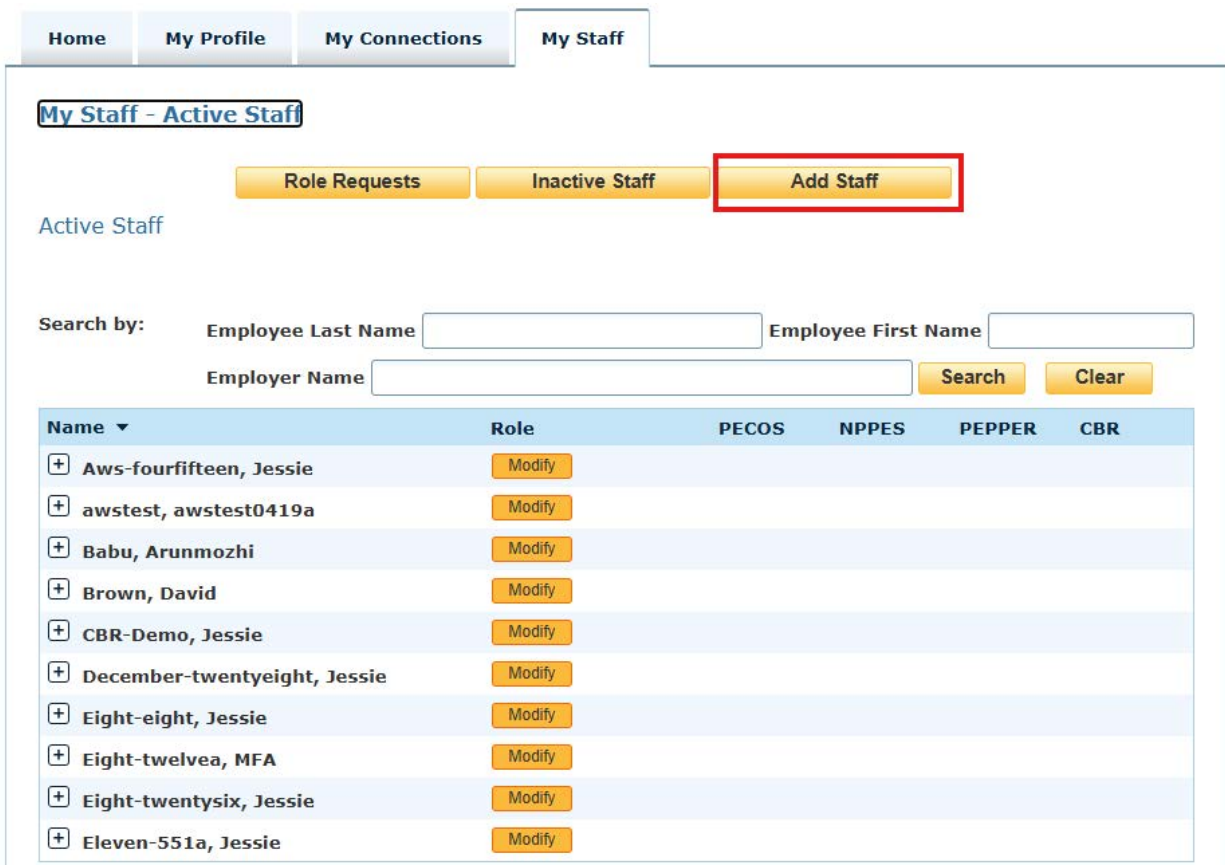

Once you select the **Approve** or **Reject** button you will be navigated to the confirmation page. You have the ability to send an e-mail notification to the requestor. If you uncheck the checkbox, no e-mail notification will be sent. Once you have reviewed your action, select the **Submit** button the request.

How to Invite a Staff Users

Note: Only an Authorized Official (AO) can invite Access Managers (AMs), while both AOs and AMs can invite a Staff End Users (SEUs) for their employers.

1. Log in to I&A and navigate to the **My Staff** tab
2. Select the **Add Staff** button.

3. On the Add Staff page, the AO or AM will enter the user's First Name, Last Name, and E-mail address, then select the employer you wish to add the user as an employee.

Home | **My Profile** | **My Connections** | **My Staff**

My Staff ▶ Add Staff [« Back to Previous Page](#)

* indicates required field(s)

Enter the name and e-mail address of the new staff user you wish to add. Note that the specified e-mail address will be assigned to all the selected employers.

Then, select the Employer(s) the staff user is to be granted access to and the select Role the staff user should have for that employer.

Please be aware the PIN generated for this invitation will expire in 72 hours.

* **First Name:**

Middle Name:

* **Last Name:**

Submit | [Cancel](#)

- When you check the checkbox next to the Employer the Role dropdown will become enabled and you can select the role you wish to assign to the user. If you are an Authorized Official for the Employer, you will be able to assign the user the role of Staff End User or Access Manager. If you are an Access Manager for the Employer, you will only be able to assign the user the role of Staff End User. You will also select the Business Function(s) which will grant the user access to the Employer in the named CMS application.

Business functions are only available for employers who are providers (i.e., they have an active NPI in NPPES). If an employer has no active NPI, the business functions will not appear.

- You can also grant access to multiple employers at once by using the checkboxes and Role in the Header row. The same applies for the Business Functions (PECOS, NPPES, PEPPER and CBR).

My Staff - Inactive Staff

Active Staff Role Requests Add Staff

Inactive Staff

The Inactive Staff page displays the past year of inactive or rejected staff users that have been associated to your employers and staff users who have been invited to be associated to your employers, but their registration is pending or has expired. If a staff user displayed here was also inactive, rejected, or pending with another one of your employers more than a year ago, that information will be displayed under the expand option for that staff user. Staff users with expired invitations will only be displayed for one year.

Only the last 12 months of activity will be shown for each user. To view the entire history for a user, you can select the Show All button. When you are done viewing this history, you can select the Show Less button to condense the view. Up to ten staff users will be displayed at a time below. The page numbers or the Previous and Next buttons should be used to navigate between pages when there are more than ten staff users.

How New I&A Users Register from a Staff End Users (SEU) or Access Manager (AM) Invitation

Note: PINs included in the Staff End User Invitation will expire in 72 hours if not used.

1. The user should access their e-mail and look for e-mail **Subject: You've been invited to register with the Centers for Medicare and Medicaid Identity & Access System**. An example of this e-mail is available in step 8 of the How to Invite a Staff End User (SEU).
2. In the body of the e-mail the Staff End User should locate the web address provided after the text PIN Entry Page: and copy and paste the web address in his/her Internet browser and select **Enter**.
3. The user is then navigated to the *Terms and Conditions* page where they should review and terms and conditions. To continue, the user must select the **Accept** button.

4. The user is then directed to the Enter Pin page.
 - a. The user will enter the e-mail address where they received the Staff End User Invitation
 - b. Enter the PIN found in the body of the e-mail
 - c. And select the **Submit** button to continue

Enter PIN

* indicates required field(s)

*E-mail Address:

*PIN:

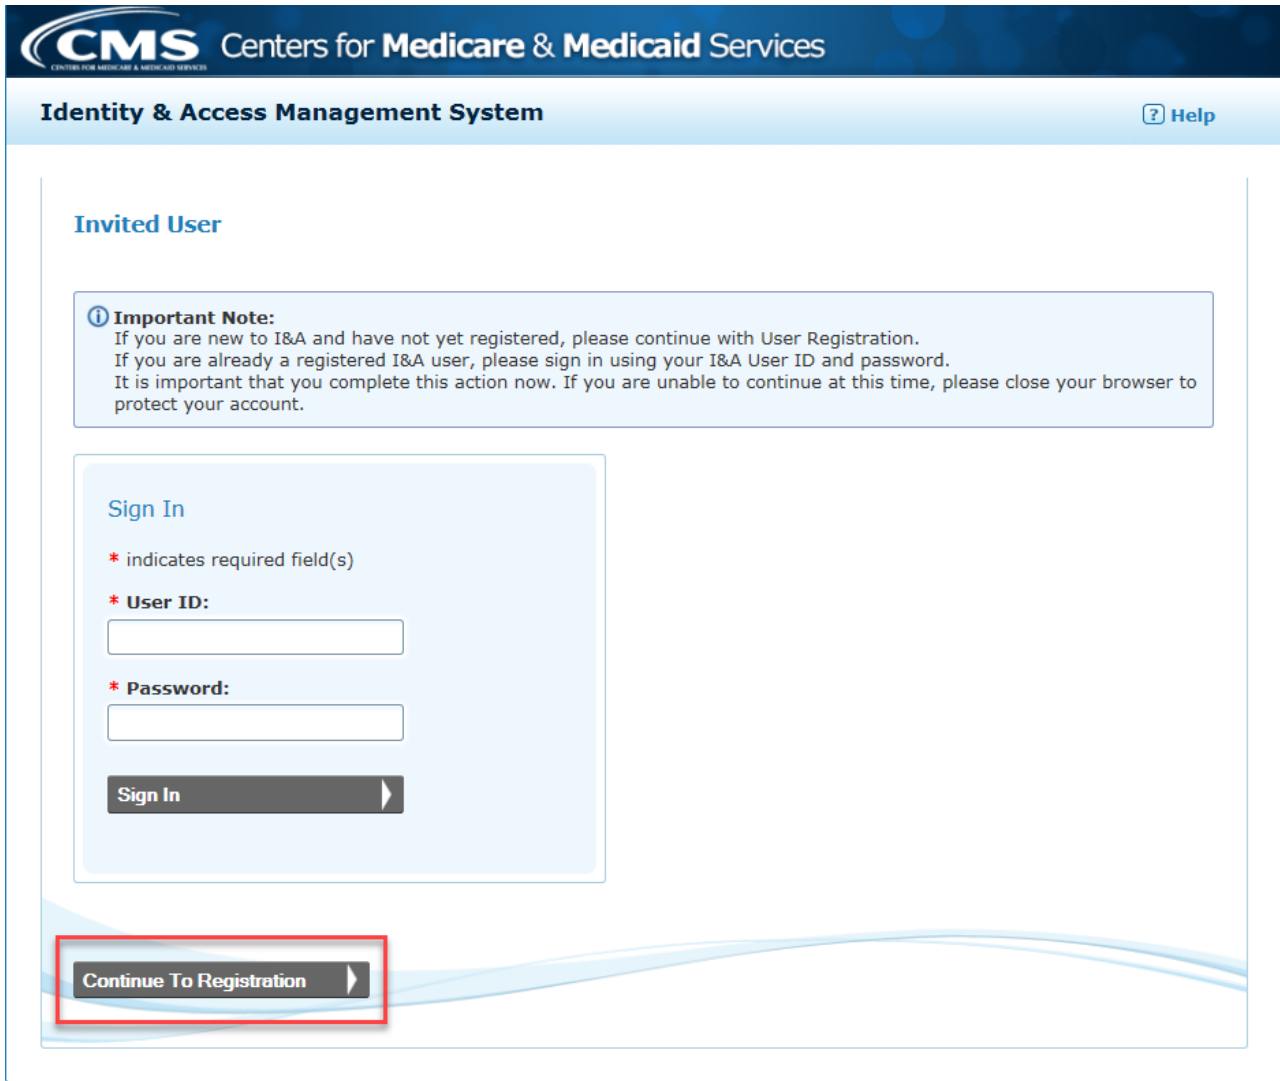

Submit | Cancel

5. On the Invited User page, the user will decide if he/she is new to I&A OR if he/she is already a registered I&A user.

Important: The invited user must register or sign in under his/her own account, not the account of the person who sent the invitation.

 - a. Users who have already registered will enter their User ID and Password and select the **Sign In** button
 - b. Users who are new to I&A will select the **Continue To Registration** button

The steps that follow are for a user who is new to I&A. A new I&A user will select the **Continue To Registration** button.

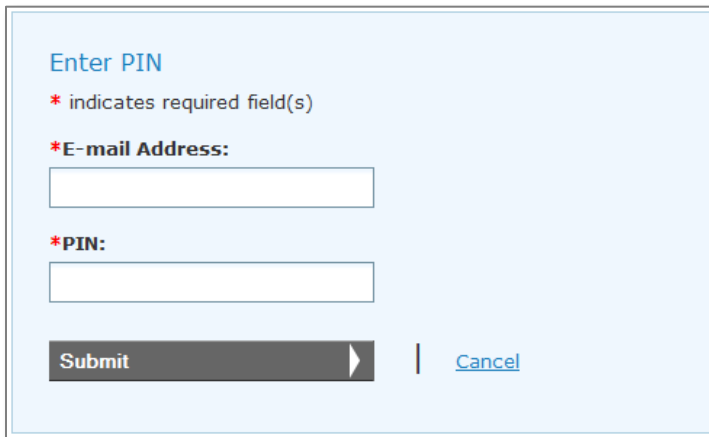

- After selecting the **Continue to Registration** button, the user is taken through the User Registration Process. (see the **Create Your Account** example)
- Once the user has completed creating their account, they can navigate to the **My Profile** tab and scroll to the bottom of the page to see their Approved employer relationships under the Employer Information section.

Employer ▼	My Role with this Employer ▼	My Status with this Employer ▼	PECOS	NPPES	PEPPER	CBR
+ Cox Pharmacy	Authorized Official	Pending Approval Tracking Id A61731491	YES	YES	YES	YES
+ Smith, Jessie	Authorized Official	Approved	YES	YES	YES	YES

How an Existing I&A User Responds to a Staff End Users (SEU) or Access Manager (AM) Invitation

Note: PINs included in the Staff End User Invitation will expire in 72 hours if not used.

1. The user should access their e-mail and look for e-mail **Subject: You've been invited to register with the Centers for Medicare and Medicaid Identity & Access System**. An example of this e-mail is available in step 8 of the How to Invite a Staff End User (SEU).
2. In the body of the e-mail the Staff End User should locate the web address provided after the text PIN Entry Page: and copy and paste the web address in his/her Internet browser and select **Enter**.
3. The user is then navigated to the *Terms and Conditions* page where they should review and terms and conditions. To continue, the user must select the **Accept** button.
4. The user is then directed to the Enter Pin page.
 - a. The user will enter the e-mail address where they received the Staff End User Invitation
 - b. Enter the PIN found in the body of the e-mail
 - c. And select the **Submit** button to continue

5. On the Invited User page, the user will decide if he/she is new to I&A OR if he/she is already a registered I&A user.

Important: The invited user must register or sign in under his/her own account, not the account of the person who sent the invitation.

 - a. Users who have already registered will enter their User ID and Password and select the **Sign In** button
 - b. Users who are new to I&A will select the **Continue To Registration** button

The steps that follow are for a user who has already registered in I&A and has a user ID and password. The user will enter his/her User ID and Password and select the **Sign In** button.

- The user will then log in and navigate to the **My Profile** tab and scroll to the bottom of the page to see their Approved Staff End User status under the Employer Information section.

Employer ▾	My Role with this Employer ▾	My Status with this Employer ▾	PECOS	NPPES	PEPPER	CBR
+ Cox Pharmacy	Authorized Official	Pending Approval Tracking Id A61731491	YES	YES	YES	YES
+ Smith, Jessie	Authorized Official	Approved	YES	YES	YES	YES

- Staff End User have the ability to cancel their initial Employer Role Request for their AO, AM and SEU (This can only be canceled before the request is approved or being processed) as well as Disassociate themselves from their current employer.

How to Cancel an Employer Request

Employer Request can only be canceled before the request is approved or being processed.

Please follow the following steps to cancel an Employer Request:

Step 1:

Login to I&A and click on My Profile Tab. Scroll to bottom of page and click the + sign icon next to the employer name (Status must be Pending Approval).

Scroll down and click on the button that says Cancel Employer Request.

Employer Information

The Employer Information table displays your role and status with the employers you are associated with. If you are an Individual provider, your NPI will be listed below as an employer with a role of Authorized Official.

Show:

- All Employers
- Only Approved Employers
- Only Approved and Pending Employers
- Only Cancelled, Disassociated, and Rejected Employers

Search By: *Employer Name

Clear

Employer ▾	My Role with this Employer ▾	My Status with this Employer ▾	PECOS	NPPES	PEPPER	CBR
<div style="border: 1px solid #ccc; padding: 5px;"><p>+ Cox Pharmacy EIN: **_***0099 Mailing Address: 5170 Sumerduck Rd Sumerduck, VA, 22742-2043 United States Phone Number: 540-347-9999 Fax Number: My E-mail: jh0114@test.com</p><p>Edit E-mail Address</p><p>View Other Names(s)</p><p>View Uploaded Document(s)</p><p>View NPI(s)</p><p>Cancel Employer Request</p></div>	Authorized Official	Pending Approval Tracking Id A61731491	YES	YES	YES	YES

Step 2:

Below, you can see the option to select “Yes” to cancel the Employer Request.

The status with your Employer will be Cancelled.

Employer ▾	My Role with this Employer ▾	My Status with this Employer ▾	PECOS	NPPES	PEPPER	CBR
+ Cox Pharmacy	Authorized Official	Cancelled	YES	YES	YES	YES

How to Cancel a Pending Employer Role Change Request

Employer Role Change Requests can only be canceled before the request is approved or being processed.

Follow the following steps to cancel your Employer Role Change Request:

Step 1:

Login to I&A and click on My Profile Tab. Scroll down to the Employer Information section.

In the example below, you will see in the user is an Approved Access Manager for Organizational Provider AAG Org One and has submitted a Role Change Request to be an Authorized Official.

Select the + sign icon next to the employer name to expand the employer.

Employer ▾	My Role with this Employer ▾	My Status with this Employer ▾	PECOS	NPPES	PEPPER	CBR
+ Cox Pharmacy	Access Manager	Approved	YES	YES	YES	YES
	Authorized Official	Pending Approval Tracking Id A77487	YES	YES	YES	YES
+ September, Rebecca	Access Manager	Approved	YES	YES	YES	YES
+ Smith, Jessie	Authorized Official	Approved	YES	YES	YES	YES
+ SNOW, JON	Access Manager	Approved	YES	YES	YES	YES
+ Swayze, Patrick	Access Manager	Approved	YES	YES	YES	YES
+ walgreens	Access Manager	Approved	YES	YES	YES	YES

If you wish to add an employer, click "Add an Employer": [Add an Employer](#)

If you are requesting to be an Authorized Official or Access Manager for an employer and you are an approved Authorized Official or Delegated Official in PECOS for that employer, your request may be automatically approved within 24 hours.

Step 2:

Select the **Cancel Pending Role Change Request** button to cancel the Role Change Request that is Pending Approval.

Step 3:

Confirm you wish to Cancel your pending Role Change Request by selecting “Yes” .

You will then see that your Role Change Request no longer exists and your Role and Status with your Employer is unchanged

Employer ▼	My Role with this Employer ▼	My Status with this Employer ▼	PECOS	NPPES	PEPPER	CBR
+ Cox Pharmacy	Access Manager	Approved	YES	YES	YES	YES
+ September, Rebecca	Access Manager	Approved	YES	YES	YES	YES

How to Disassociate from Your Employer

You can Disassociate yourself from an Employer if your status with the Employer is Approved and you are not an Individual Provider trying to disassociate yourself from your own Individual Provider Organization.

In the example below, you will see Individual Provider John Doe’s Employer Information.

He is currently an approved employee of:

- a. Organizational Provider Cox Pharmacy
- b. Individual Provider Doe, John – his own IP org
- c. Individual Provider Trussell, Jack

And is Pending Approval for Organizational Provider American Pharmacy

Employer ▼	My Role with this Employer ▼	My Status with this Employer ▼	PECOS	NPPES	PEPPER	CBR
+ American Pharmacy	Authorized Official	Pending Approval Tracking Id A61601120	YES	YES	YES	YES
+ Cox Pharmacy	Authorized Official	Approved	YES	YES	YES	YES
+ Doe, John	Authorized Official	Approved	YES	YES	YES	YES
+ Trussell, Jack	Staff End User	Approved	NO	YES	NO	NO

John Doe can disassociate himself from Cox Pharmacy and Individual Provider Jack Trussell. When these two Employers are expanded, the **Disassociate From Employer** button will only be visible/available.

Employer ▾	My Role with this Employer ▾	My Status with this Employer ▾	PECOS	NPPES	PEPPER	CBR
<input type="checkbox"/> American Pharmacy	Authorized Official	Pending Approval Tracking Id A61601120	YES	YES	YES	YES
<input type="checkbox"/> Cox Pharmacy EIN: **_***0099 Mailing Address: 5170 Sumerduck Rd Sumerduck, VA, 22742-2043 United States Phone Number: 540-347-9999 Fax Number: My E-mail: john.doe@email.com	Authorized Official	Approved	YES	YES	YES	YES

How to Retrieve Forgotten User ID when logging into PECOS

1. From the PECOS logon page the user selects **Forgot User ID?** Hyperlink. The user is then redirected to the I&A Retrieve Forgotten User ID - Information page.

! IMPORTANT:

NPES data is updated to PECOS periodically throughout the day. If you have recently created your NPES User ID and Password, or changed any data, please allow couple of hours to one day for your login changes to take effect.

PECOS supports the Medicare Provider and Supplier enrollment process by allowing registered users to securely and electronically submit and manage Medicare enrollment information.

New to PECOS? View our [videos](#) at the bottom of this page.

USER LOGIN

You may use your NPES or PECOS username and password to login.

* User ID

* Password

[Forgot Password?](#)

[Forgot User ID?](#)

[Manage/Update User Profile](#)

BECOME A REGISTERED USER

You may register for a user account if you are: an individual Practitioner, Authorized or Delegated Official for a Provider or Supplier Organization, or an individual who works on behalf of Providers or Suppliers.

[Register for a user account](#)

[Questions? Learn more about registering for an account](#)

Note: If you are a Medical Provider or Supplier, you must [register for an NPI](#) before enrolling with Medicare.

3. In this example, the user enters the incorrect e-mail address and receives an error message stating “The e-mail address is not associated with a User ID.” The user attempts to enter a different e-mail address and selects the **Continue** button.

The screenshot shows a web page titled "Retrieve Forgotten User ID - Information". At the top right, there is a link: "« Back to Previous Page". Below the title, a red error message box contains the text: "This e-mail address is not associated with a User ID." Below the error message, a yellow note box contains the following text: "Note: You have two options for retrieving your User ID. 1. To have your User ID e-mailed to you, enter an e-mail address associated with your account. 2. To have your User ID immediately displayed to you, enter the User Information associated with your account. If you choose to receive your User ID by e-mail and do not receive the e-mail within 24 hours, please return to this page and enter the User Information associated with your account." Below the note, a legend states: "* indicates required field(s)". The page is divided into two sections: "E-mail Information" and "User Information", separated by "OR". The "E-mail Information" section has a field for "E-mail Address" containing "Whitney@email.com" and a "Continue" button. The "User Information" section has fields for "Social Security Number (Enter Last 4 Digits)", "Date of Birth" (with an example "Ex: (MM/DD/YYYY)"), "First Name", "Last Name", "Personal Phone Number", and "Home ZIP/ Postal Code", along with a "Continue" button.

4. The user tries two additional times to enter the correct e-mail address associated with his/her account and after the third attempt when the user selects the **Continue** button the user receives an error message stating “You have entered an invalid e-mail address three times. Please enter the User Information below associated with your account to continue.”

Note: **Continue** button under the *E-mail Information* heading is disabled and the user is forced to complete the *User Information* fields.

The user enters the personal information collected in the *User Information* fields and selects the **Continue** button.

6. On the [Reset Password](#) page, the user is prompted to enter a new password and select the Reset button. The Password Compliance section of the Reset Password page will aid you in creating your new password. When the compliance is met, you will see a green checkmark next to the compliance. When the compliance is not met, you will see a red X.

Frequently Asked Questions
Answers to common questions about registration, who should register, and how to manage your account.

8. Before the user is able to access his/her I&A Home page the user must complete the User Information Integrity Check. On User Information Integrity Check - Notice page, the user will select the **Continue to Start** button to continue.

Note: In this example, this is the first time the user has logged into his/her I&A account so the user has not completed the User Information Integrity Check. If the user has previously logged in to his/her I&A account the user will be taken directly to their Home page.

9. On the User Information Integrity Check - E-mail page the user must enter a unique e-mail address. After the user enters their e-mail address the user will select the **Continue** button.

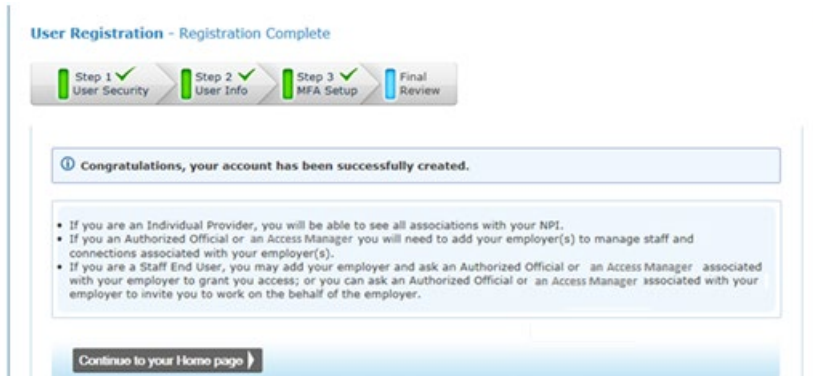

10. On the User Information Integrity Check - Profile page the user must complete all required fields. Once completed, the user will select the **Continue** button. Note that if the user is an Individual Provider with an Active Type 1 NPI, the user will not be able to modify the information on the left side

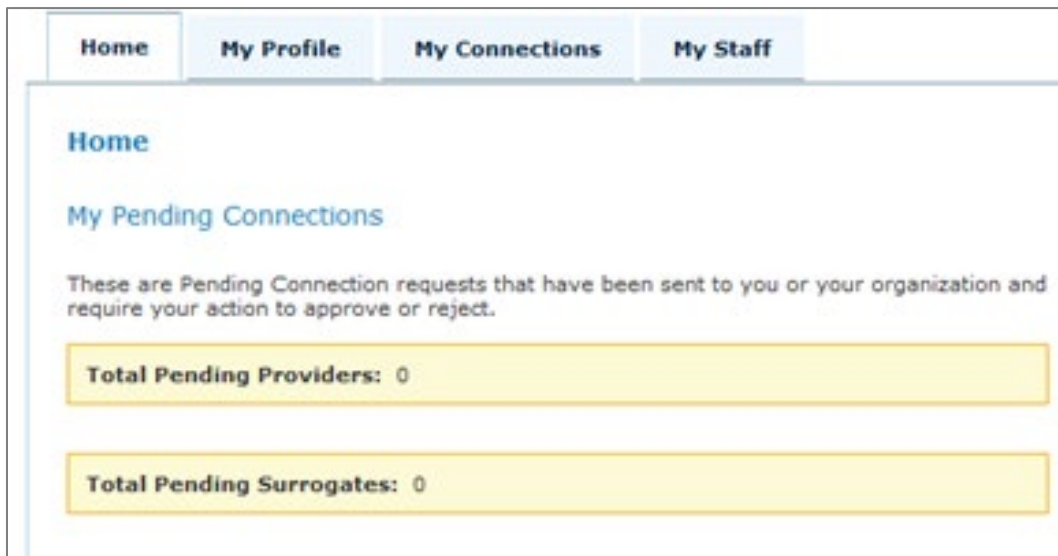

of the screen because it is on the user's NPI. If the information on the left side needs to be modified, the user should complete this process and then login to NPPES to correct the information on his/her NPI. The information will then be updated in I&A automatically.

The screenshot shows a web form for completing a user profile. At the top, there are three navigation buttons: 'Step 1 E-mail' (active), 'Step 2 Profile', and 'Final Complete'. Below this is a warning message: 'Your Profile is not complete. Please fill all the required fields.' The instructions state: 'Please provide the details below. They will be used to verify your identity.' A legend indicates that an asterisk (*) denotes a required field. The form is divided into two columns of input fields. The left column includes: First Name, Middle Name, Last Name, Suffix (dropdown), Date of Birth (MM/DD/YYYY), SSN, and Primary E-mail Address (pre-filled with 'DFG@e-mail.test'). The right column includes: Business Phone Number, Fax Number, Personal Phone Number, Home Address Line 1, Home Address Line 2, City, Country (dropdown set to 'United States'), State/Province/Territory (dropdown set to 'SE - Select One'), and Postal/ZIP Code. At the bottom, there is a 'Continue' button with a right-pointing arrow and a 'Cancel' link.

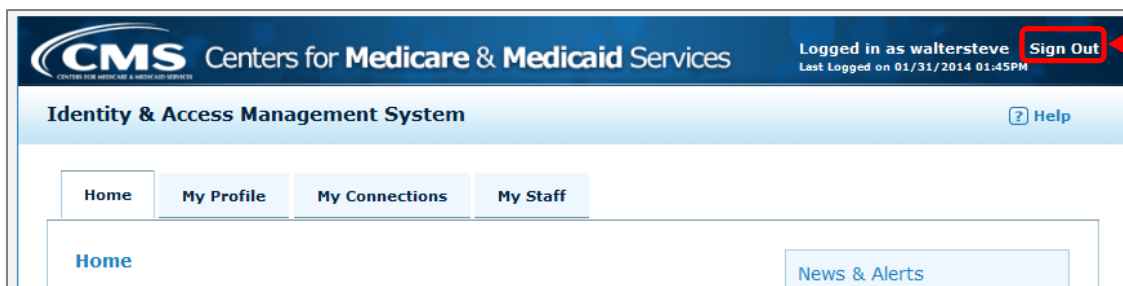

11. After the user completes Step 1 - E-mail and Step 2 - Profile, the user is taken to Final Complete. On the User Information Integrity Check - Complete page the user will select the **Continue to home Page** button to access their **Home** tab.

12. From the user's **Home** tab they can see if there are any Pending Provider or Surrogate requests. The user will also be able to navigate to other tabs available to them depending on the role of their account (i.e., Authorized Official, Access Manager, or Staff End User).

13. Once the user is finished in his/her I&A account the user can logout using the Sign Out hyperlink in the top right hand corner of the screen.

- The user can now take their user ID and newly reset password and login to NPPES, PECOS, PEPPER, and CBR.

How to Upload Documents

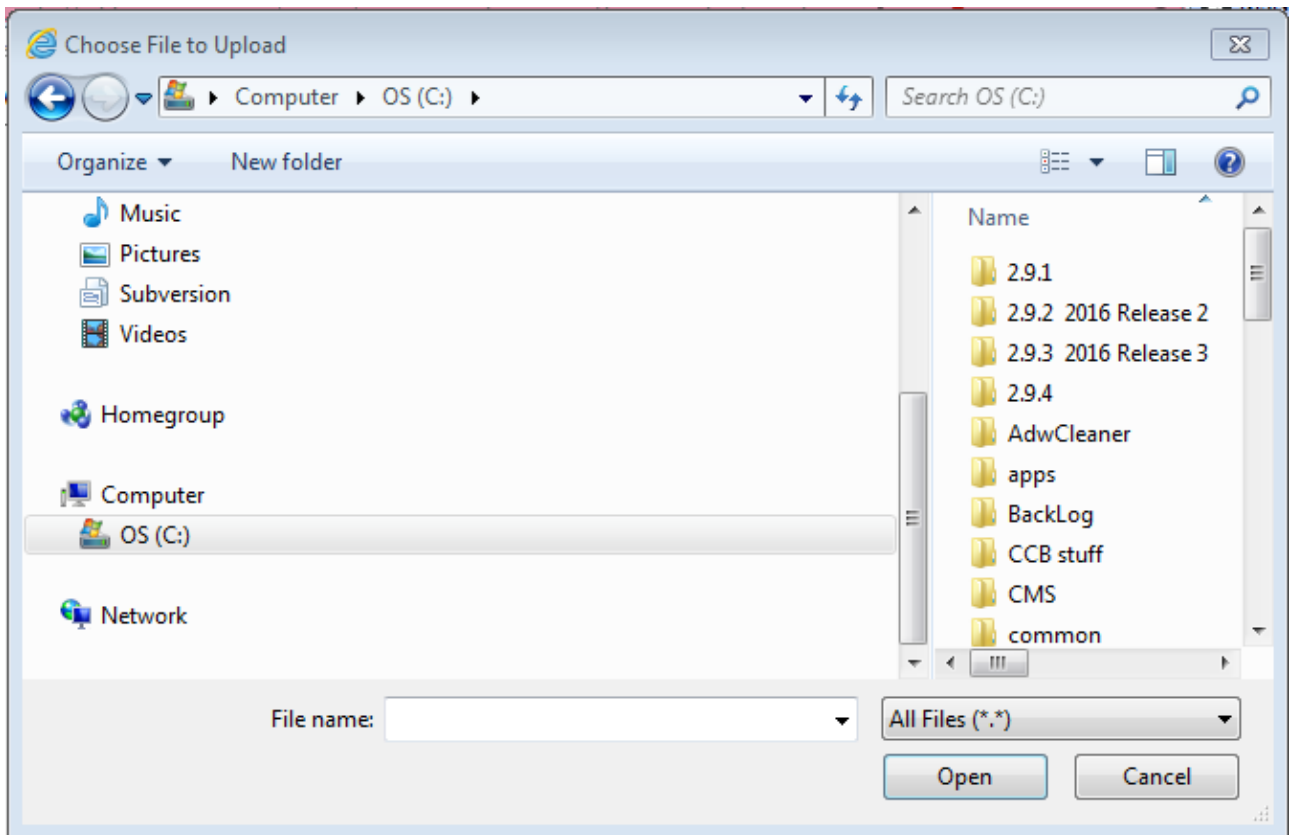

The **Add a Document** button can be found on the following pages:

- a. Add Employer Confirmation and Review page
 - i. Displays at the end of the Add Employer process
 - ii. Displays when the Tracking ID of a Pending Employer Request is selected on the My Profile tab in the Employer Information section
- b. Add Provider page
 - i. Displays at the end of the Add Provider Process when the Provider is an Individual Provider
- c. Connection Details page
 - i. Displays when a surrogacy connection is in a Pending Status and your employer initiated the surrogacy connection to an Individual Provider

1. Select the **Browse** button to search for your file

The screenshot shows a web interface titled "Identity & Access Management System" with a "Help" icon in the top right. The main heading is "Upload New Document". Below this, there are instructions: "Maximum size of file that can be uploaded is 10 MB." and "Type of documents that can be uploaded should be formatted PDF, GIF, or JPEG files." A note states "* indicates required field(s)". The form contains three fields: a "File:" field with a "Browse..." button, a "Comment:" text area, and a "Type of Document:" dropdown menu with "Select Document Type" as the current selection. At the bottom of the form are "Upload" and "Cancel" buttons.

2. Navigate to your file and select the file

3. Identify what **Type of Document** you are uploading

Examples - Common Connection/Surrogate Scenarios

Providers can grant access to employees and/or surrogates to manage and access their information in any (or all) of the following systems:

- NPPES
- PECOS
- PEPPER
- CBR

Example #1: Individual Provider approves Group Practice to manage his information

John Smith (Individual Provider) is part of a group practice Health Group Inc. (Organizational Provider). Brian Johnson is the Authorized Official for Health Group Inc. Tom and Alex (Staff) are both credentialing specialists that work for Health Group Inc. John has made business arrangements with Health Group Inc. to manage his enrollment information within PECOS and his information in NPPES.

Assumption: Health Group Inc. is already found in I&A and already has an NPI. Brian, Tom, and Alex are already established with their respective roles in I&A. John already has an NPI.

Brian Johnson (AO for Health Group Inc.):

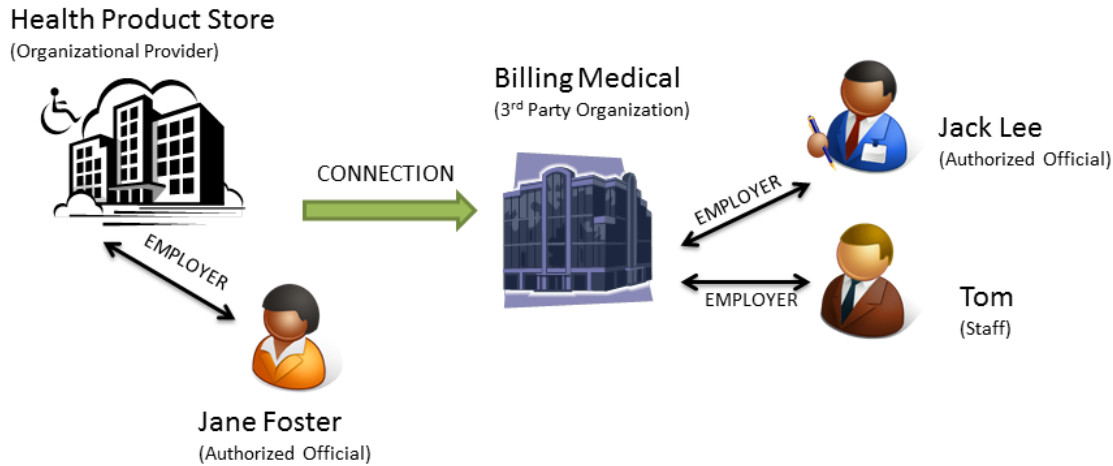

1. Logs in to I&A;
2. Goes to My Connections, and selects Find Provider, under Health Group Inc.;
3. Searches for John Smith by his NPI;
- Selects him and then the PECOS and NPPES business functions; and
4. Confirms the connection request.

John Smith (Individual Provider):

5. John Smith receives notification of the requested connection.
6. Logs in to I&A;
7. Sees the pending request from the group to add him on both the Home page and in the list of connections on the My Connections page;
8. John approves the request;
9. John receives notification of approved connection request;
10. Health Group Inc. receives notification of approved connection request.

These steps establish the connection (surrogacy relationship) between John Smith and Health Group Inc. - which allows any member of Health Group Inc.'s staff (i.e., Brian, Tom, or Alex) to access information for John Smith. If Health Group Inc. had established an Access Manager they could also initiate the connection request.

Example #2: Organizational Provider hires 3rd Party Organization to manage their enrollments

Health Product Store (Organizational Provider) has made business arrangements with a 3rd party consulting company, Billing Medical (3rd Party Organization) to manage their enrollment information in PECOS. Jane Foster is the Authorized Official of Health Product Store, Jack Lee is the Authorized Official of Billing Medical, and Tom (Staff) is a credentialing specialist that works for Billing Medical.

Assumption: Health Product Store already has an NPI, Billing Medical is already established in I&A, and Jane, Jack, and John are setup with their respective roles.

Jack Lee (Authorized Official of Billing Medical):

1. Logs in to I&A;
2. Goes to My Connections, and selects Find Provider, under Billing Medical.;
3. Searches for Health Product Store by its NPI;
4. Selects Health Product Store and then the PECOS business function; and
5. Confirms the connection request.

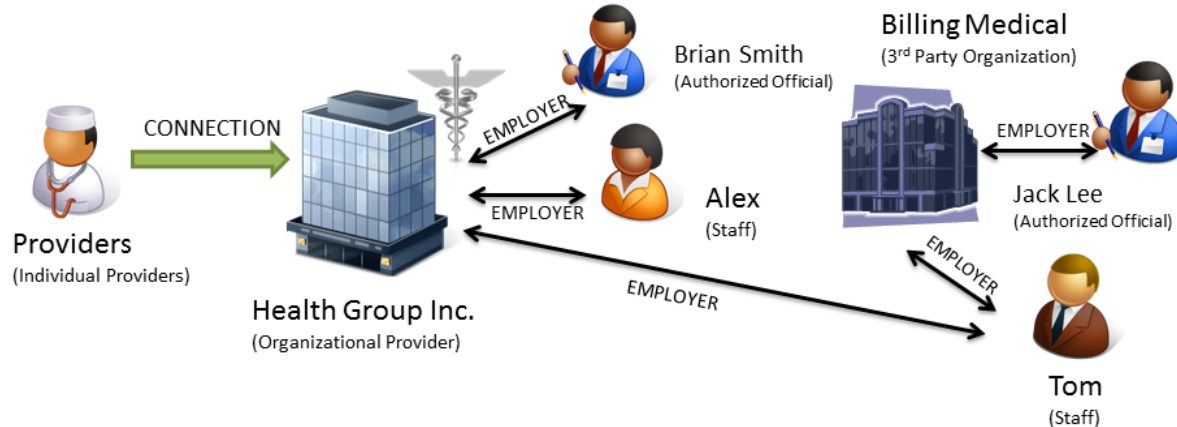

Jane Foster (Authorized Official of Health Product Store):

6. Health Product Store Authorized Official receives notification of the requested connection.
7. Logs in to I&A;
8. Sees the pending request on both the Home page and in the list of connections on the My Connections page;
9. Jane approves the request;
10. Jane receives notification of approved connection request;
11. Billing Medical receives notification of approved connection request.

These steps establish the connection (surrogacy relationship) between Health Product Store and Billing Medical - which allows any member of Billing Medical's Staff to access information for Health Product Store. If Billing Medical had established an Access Manager they could also initiate the connection request.

Example #3: Group Practice hires 3rd Party Organization to manage their information

Group Practice hires 3rd Party Consulting Organization to manage their information for itself, AND all the Individual Providers who have already connected to it. In this example, the Organizational Provider is only granting access to their information PECOS, however; the same can be applied to NPPES.

Health Group Inc. (Organizational Provider) has made business arrangements with a 3rd party consulting company, Billing Medical (3rd Party Organization) to manage their enrollment information in PECOS, and the enrollment information for all their Individual Providers who have previously connected to Health Group Inc. Brian Smith is the Authorized Official for Health Group and Alex (Staff) is the office manager. Jack Lee is the Authorized Official for Billing Medical, and Tom (Staff) is already a member of the Staff on Billing Medical, and will be the only person working on information for Health Group or any of its Providers.

Assumption: Health Group Inc. already has an NPI, Billing Medical is already established in I&A, and both Brian and Tom are setup with their respective role, Individual Providers have established connections with Health Group Inc.

Brian (Authorized Official):

1. Logs in to I&A;
2. Goes to My Staff, and selects Add Staff;
3. Enters Tom's name and e-mail address;
4. Submits the request.

Tom (Staff of 3rd Party Organization):

5. Receives an e-mail requesting that he register as a staff for Health Group Inc.;
6. Selects the link from the e-mail;
7. Enters his e-mail address and the PIN provided in the e-mail;
8. Since Tom is already a registered user in I&A he log's in and finalizes the registration.
9. Upon successful registration Tom will now see he is a Staff member for Health Group Inc.

These steps establish the connection (surrogacy relationship) between Health Group Inc. and Billing Medical via Tom, a member of Billing Medical's staff. Tom from Billing Medical can now access information for Health Group Inc., AND all of the Individual Providers who have previously approved connections between themselves and Health Group Inc.

IMPORTANT NOTE: If Health Group Inc. creates a CONNECTION to Billing Medical rather than making an individual of Billing Medical's Staff a member of their staff, Billing Medical's Staff would only have access to the PECOS information for Health Group Inc., NOT any of the Individual Providers who previously authorized Health Group Inc. to work on their behalf.

Example #4: Individual Provider adds Office Manager granting access to manage his information

Joe Brown (Individual Provider) has a private practice JB Medical Clinic. Sarah Douglas is Joe Brown's office manager and will be managing his enrollment information within PECOS and information in NPPES.

Assumption: Joe Brown already has an NPI and is already established in I&A.

Joe Brown (Individual Provider):

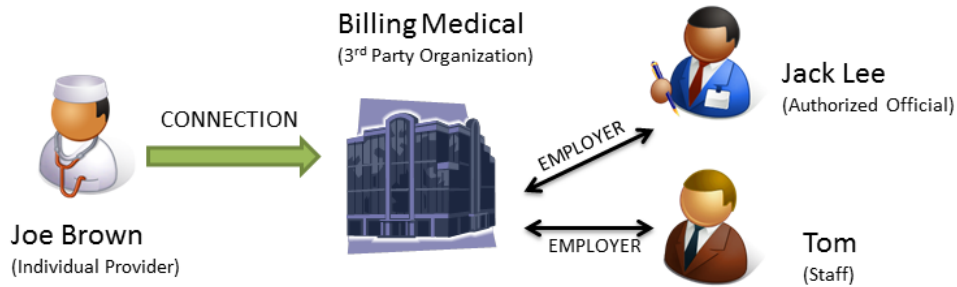

1. Logs in to I&A;
2. Goes to My Staff, and selects Add Staff;
3. Enters Sarah's name and e-mail address;
 - Selects Sarah's employer (Joe) and Role - Staff End User and then the PECOS/NPPES/PEPPER/CBR business functions; and
4. Submits the request.

Sarah Douglas (Staff - Office Manager):

5. Sarah receives an e-mail requesting that she register as a staff end user for Joe;
6. Sarah selects the link from the e-mail;
7. Enters her e-mail address and PIN provided in the e-mail;
8. Since Sarah is not currently a registered user in I&A she will select Continue to Registration;
9. Sarah follows the screens through the Registration process.
10. Once registration is successful Sarah will see on her **My Profile** tab that she now a Staff End User for Joe Brown

These steps establish the employment relationship between Joe Brown and Sarah Douglas. Sarah Douglas. As a member of Joe Brown's Staff she can now act as a surrogate for Joe Brown.

Example #5: Individual Provider Hires 3rd Party Organization to manage his information

Joe Brown (Individual Provider) has a private practice JB Medical Clinic, and has made a business arrangements with a 3rd party consulting company, Billing Medical (3rd Party Organization) to manage his enrollment in PECOS and his information in NPES. Jack Lee is the Authorized Official of Billing Medical.

Assumption: Billing Medical is already established in I&A, and Jack is already setup as the AO. Joe Brown already has an NPI and is already established in I&A.

Jack Lee (AO for Billing Medical):

1. Logs in to I&A;
2. Goes to My Connections, and selects Find Provider, under Billing Medical.;
 - Searches for Joe Brown by his NPI;
 - Selects him and then the NPES and PECOS business functions; and
3. Confirms the connection request.

Joe Brown (Individual Provider):

4. Joe Brown receives notification of the requested connection.
5. Logs in to I&A;
6. Sees the pending request on both the Home page and in the list of connections on the My Connections page;
7. John approves the request;
8. Billing Medical receives notification of approved connection request

These steps establish the connection (surrogacy relationship) between Joe Brown and Billing Medical - which allows any member of Billing Medical's staff to access information for Joe Brown. If Billing Medical had established an Access Manager they could also initiate the connection request.

Appendix A - Acronyms, Key Terms, and Definitions

Acronym	Description
AO	Authorized Official
AM	Access Manager
CBR	Comparative Billing Report
EUS	External User Services
I&A	Identity & Access system
IP	Individual Provider
MFA	Multi-Factor Authentication
NPI	National Provider Identifier
NPPEs	National Plan & Provider Enumeration System
PECOS	Provider Enrollment, Chain and Ownership System
PEPPER	Program to Evaluate Payment Patterns Electronic Reports (PEPPERS)
Staff End User (SEU)	Staff user who is allowed to work for an EIN/organization but does not have the authority to perform AO and AM tasks. Staff End Users only have access to those EINs, Individual Providers, and Business Functions granted to them by an AO or AM.
Status - Account/Profile	<p>Account/Profile Status - Status of the user’s account/profile. This is not the same as the user’s status with his employer(s).</p> <ul style="list-style-type: none"> ◆ Active - user successfully ID-proofed and can see his Home page and profile information (what he sees for the employer info is dependent on the status the user has with his employer(s)) ◆ Deactivated - deactivated by EUS (User must have their account Reactivated by EUS) ◆ Disabled - account has been “disabled” due to inactivity > X days but < Y days. (The user must reset their password.) ◆ Archived - account/profile has been archived due to inactivity > Y days. (The user must create a new account/profile.)
Status - Connection	<p>Connection Status - Status of the a connection between two entities (provider + surrogate)</p> <ul style="list-style-type: none"> ◆ Approved - Connection has been approved ◆ Pending - Connection request has been submitted but it has not yet been acted on ◆ Disabled - Previously approved connection has been disabled ◆ Rejected - Connection request was rejected and was never approved OR was not acted on within 30 days of its initiation ◆ Deactivated - Last Provider NPI associated with connection has been deactivated ◆ Cancelled - Connection was cancelled by the initiator before being acted on by the recipient
Status - E-mail	<p>E-mail Status - status of an e-mail address</p> <ul style="list-style-type: none"> ◆ Validated - e-mail address has been validated ◆ Pending Validation - e-mail address has been submitted for validation but user has not yet responded to the validation request ◆ Not Validated - e-mail address has not been validated nor has it been submitted for validation

Acronym	Description
Status - Employer	<p>Employer Status - Status of the user with regards to employer(s). A user will have a status for each employer.</p> <ul style="list-style-type: none"> ◆ Approved - user has been approved for the employer ◆ Pending Approval - user has not yet been approved for the employer. This may occur in the following situations: <ul style="list-style-type: none"> • AO or AM awaiting vetting and approval by EUS for a new employer • AM awaiting approval by AO for a new employer • AM or Staff End User awaiting approval of a role change request ◆ Disassociated - user no longer has access to the employer ◆ Rejected - request for approval was rejected ◆ Archived - User's User ID has been archived
Status - Invitation	<p>Invitation Status - status of a staff invitation request issued by an AO/AM/IP to a new staff user</p> <ul style="list-style-type: none"> ◆ Registration Pending - an invitation has been issued but has not yet been responded to/acted on ◆ Registration Cancelled - a pending registration invitation was cancelled before the staff user responded to the invitation ◆ Expired - an invitation request that has been Pending Registration for more than 72 hours ◆ Accepted - invitation has been accepted by the user who received it
Status - PIN	<p>PIN Status - status of a PIN that has been issued following a request</p> <ul style="list-style-type: none"> ◆ Active - PIN is still active and can be used ◆ Expired - PIN has expired and can no longer be used. ◆ Used - PIN has been used and cannot be reused ◆ Cancelled - the action taken that resulted in the generation of the PIN was cancelled (e.g., when an AO/AM/IP cancels a staff user's invitation before that staff user registers.) ◆ Deactivated - a user attempted to use PIN but was not able to enter the correct e-mail address in three tries. The PIN has been deactivated and cannot be used.
