

PROGRAM
of the
SOUTHERN MEDICAL
ASSOCIATION

SEVENTH ANNUAL MEETING
LEXINGTON, KENTUCKY
NOVEMBER 17, 18, 19, 20
1913

PROGRAM OF ENTERTAINMENTS

(Official badges for members and guests will be required for admission.)

Tuesday at 5:30 p. m., Alumni Reunions. (Announcements of the meeting places for the alumni of the various colleges will be made by the Section Chairmen).

Tuesday at 5 p. m. the first annual session of the Association of Southern Medical Women will be opened in University Club Rooms.

Tuesday at 5:00 p. m., Southern Association of Railway Surgeons organizes at the Merrick Lodge Building.

Tuesday Evening at 8:30, a reception and ball will be tendered the visiting physicians and other guests at the ball room and parlors of the Phoenix Hotel.

Wednesday at 12:30 p. m. the members with their lady friends and other guests will visit and partake of luncheon at the famous Almendorf dairy, the largest and best-equipped dairy in the world.

Wednesday at 6 p. m., alumni dinners at Phoenix Hotel.

REGISTRATION.

The registration desks are placed on the parlor floor of the Phoenix Hotel, where badges and invitations to social functions will be issued. All matters concerning dues, registration, changes of address and errors in initials, etc., and general information are referred to those in charge of the registration desks. Please register before attending the meetings.

The Association postoffice is at the registration desks, where letters and telegrams addressed to the members may be found.

SCIENTIFIC AND COMMERCIAL EXHIBITS.

The scientific and commercial exhibits are placed on the parlor floor and in rooms adjoining the ball room of the Phoenix Hotel. There are a larger number of exhibitors than at any previous meeting, and capable demonstrators have charge. Most of these exhibits are the same as at the Minneapolis meeting of the American Medical Association, and will, no doubt, prove interesting to physicians and surgeons who take advantage of the opportunity at the meetings of the S. M. A. to buy their instruments and medical supplies.

Of particular interest is the exhibit of the lithotomy instruments which Dr. Ephraim McDowell used when he operated upon President James K. Polk, and the instruments used by Dr. Benjamin Winslow Dudley. This exhibit is arranged through the courtesy of Dr. A. H. Barkley.

The Kentucky State Board of Health's Hook Worm Exhibit is one of the most interesting features of the meeting. It is the same exhibit that attracted so much favorable comment at the recent meeting of the American Medical Association.

PUBLIC SESSION, BEN ALI THEATRE

Tuesday, November 18, 11:30 a. m.

Call to order by Chairman of Committee on Arrangements, F. H. Clarke.

Invocation by Bishop Burton.

Address of Welcome for City of Lexington, Judge Chas. Kerr.

MEMORANDUM

EXCERPTS FROM THE BY-LAWS.

Sec. 3. Except by special vote, the order of exercises, papers and discussions as set forth in the official program shall be followed from day to day until it has been completed, and all papers omitted will be recalled in regular order.

Sec. 4. No address or paper before the Association, except the addresses of the President and orator, shall occupy more than twenty minutes in its delivery; and no member shall speak longer than five minutes nor more than one time on any subject, provided each essayist be allowed ten minutes in which to close the discussion.

Sec. 5. All papers read before the Association shall be the property of the Association for publication in the official journal. Each paper shall be deposited with the Secretary when read, or within ten days thereafter, and if this is not done it shall not be published.

No papers shall be published except upon recommendation of the Publication Committee, which shall consist of the Secretary-Treasurer as Chairman, with the Chairman and Secretary of each section as its constant members.
