AT A GLANCE

Journal profile for authors

A practical overview for researchers considering Biomolecules and Biomedicine for their next manuscript.

About the journal

- Founded in 1998; published by the Association of Basic Medical Sciences.
- Multidisciplinary scope spanning molecular life sciences, pre-clinical, translational, and clinical research.
- Continuous publication with 12 issues per year and Advance Online posting.
- Double-blind peer review and open access under CC BY 4.0.

Visibility and access

- Indexed in SCIE / Web of Science, JCR, PubMed, PMC, and Scopus.
- Immediate global discoverability through open access publication.
- Institutional OA Programs may provide APC discounts for eligible authors.
- 60,000+ newsletter subscribers plus the BiomolBiomed Viewpoints author blog.

Editors-in-Chief

Semir Vranić, MD, PhD

Professor of Pathology, Qatar University, Qatar

EDITOR-IN-CHIEF

Nicolai J. Wewer Albrechtsen, MD, PhD

Clinical Professor, University of Copenhagen, Denmark

EDITOR-IN-CHIEF

Ready to publish your next paper?

Review the author guidelines, explore the editorial board, and prepare your manuscript for online submission.

- Prepare your manuscript - Review author guidelines and submission requirements.
- Explore the editorial team - Find expertise relevant to your research area.
- Submit online - Start your manuscript through the journal's submission portal.
