Moving Day Checklist

It's just before you move home. You're frantically packing boxes, sorting final bills and booking removal vans. You're wondering if there is anything you've missed? My moving home checklist is here to help!

Before Moving Day:

- Compare removal costs.
- Obtain packing materials.
- Sort out your broadband (once your date is confirmed) to avoid delays.
- Inform energy suppliers, broadband, water supply of your move date.
- Begin packing non-essentials early.
- Sell any unwanted items prior to moving.
- Organise a food shop ahead of time to be delivered on moving day.
- Organise someone to look after pets or children on moving day.
- Inform your Council and ask for a Council Tax Statement.

On Moving Day

- Label all your boxes clearly for their intended room and have them organised together in one place.
- If you're taking furniture apart, place all nuts and bolts in a freezer bag and tape to one piece of the furniture.
- Allow time for cleaning.

- Take your Meter readings (Gas, Electric & Water) and report them on your online energy account as well as taking a photo of them.
- Have a supplies box close at hand for any refreshments during the move.

After Moving Day

- Check Utilities are running smoothly, take meter readings and set up your new online accounts.
- Unpack room by room, starting with the kitchen.
- Update your address with your GP, Bank, Driving Licence, Electoral Register, Vets & Pet's Microchip (if applicable), Insurance companies.

For any recommendations on local removal companies, storage facilities and packing supply companies you can WhatsApp me on 07852 518998.
